Project Description/Justification:

The purpose of this project is to provide a safe highway with an acceptable Level of Service (LOS) for anticipated traffic in the year 2025. This project is a Resurfacing, Restoration, and Rehabilitation (3R) project. The principle objective of 3R projects is to extend the service life of the facility by restoring the structural integrity of the existing roadway. In addition, 3R projects should enhance the safety and capacity of the facility.
