

**Alaska Marine Highway: Terminal - Skagway Modifications**      **FY2007 Request:**      **\$2,550,000**  
**Reference No:**      **39113**

**AP/AL:** Allocation      **Project Type:** Construction  
**Category:** Transportation  
**Location:** Skagway      **Contact:** Robin Taylor  
**House District:** Cordova/Southeast Islands (HD 5)      **Contact Phone:** (907)465-6977  
**Estimated Project Dates:** 07/01/2006 - 06/30/2011  
**Appropriation:** Surface Transportation Program

**Brief Summary and Statement of Need:**

Modify the Skagway transfer facility to accommodate ferry operations. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

**Additional Information / Prior Funding History:**

FY2005 - \$550,000.

**Project Description/Justification:**

Modify the existing transfer facility to accommodate increased ferry operation, including shuttle ferries. There is a high tide issue at Skagway and a problem with the barge fender system. The high tide issue is that the fendering system is not high enough to handle the freeboard and sponsons of the fast vehicle ferry. As a result, the fendering system needs to be raised. The barge fender system requires modifications to some of its fenders and major repairs to others that have been damaged over the years. The barge fendering system modifications will help all ferries that call in Skagway.
