

Parks Highway: Milepost 285 - Julius Creek Bridge

FY2007 Request:

\$600,000

Reference No:

40326

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Fairbanks Areawide

Contact: John MacKinnon

House District: Fairbanks Areawide (HD 7-11)

Contact Phone: (907)465-6973

Estimated Project Dates: 07/01/2005 - 06/30/2010

Appropriation: Surface Transportation Program

Brief Summary and Statement of Need:

Replace the existing highway bridge with a new structure. This bridge is located on the Parks Highway between Anderson and Nenana. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

FY2006 - \$1,000,000.

Project Description/Justification:

This project was identified during the design of the Parks Highway MP 262 North project. Designers noticed that the bridge abutments were jacking unevenly causing a severe twist in the bridge top. Vertical pile movement caused three pilings to jack while two remained stable. This has forced two pilings to pull out of the concrete cap. Temporary repairs were made last year. Permanent repairs are needed to stabilize the bridge.
