Administration and Support Results Delivery Unit

Contribution to Department's Mission

The mission of the Office of the Commissioner is to provide support and policy direction to the department's divisions. The Commissioner's office assists the divisions in setting and reaching their goals for the best service to the public; and to provide information and expertise as needed by the Office of the Governor, other departments and the Legislature in managing the state's finances.

Renewed emphasis has been added to the following missions recently:

- To manage the state's research and analysis — and response — to fiscal, tax and financing issues related to encouraging and promoting development of Alaska's North Slope natural gas resources.
- To assist the Governor, the Legislature and others in developing options for a long-term state fiscal plan.

The mission of the Division of Administrative Services is to provide support services for departmental programs. The Administrative Services Division provides divisions and agencies with administrative support in a cost-effective manner. The division is responsible for ensuring that all accounting and procurement actions initiated within the department are in compliance with state statutes, regulations and administrative policy.

Core Services

The Commissioner's Office provides management oversight to all operating agencies within the department. Key responsibilities include providing policy direction and oversight of the divisions responsible for the administration of the Permanent Fund Dividend program; administration and enforcement of charitable gaming laws; administration and enforcement of state tax laws; investment and management of state funds; and oversight of enforcement and collection of child support obligations and orders.

The Commissioner or his designee serves on various boards and commissions including the Alaska Permanent Fund Corporation, Alaska Retirement Management Board, Alaska Housing Finance Corporation, Alaska Industrial Development and Export Authority, Alaska Municipal Bond Bank Authority, Alaska Student Loan Corporation and State Bond Committee.

The Administrative Services Division is comprised of three sections. The Fiscal/Budget Section serves as the general accounting section for the department and is responsible for budget preparation and implementation, expenditure projections, accounts payable, accounts receivable, travel accounting, and general accounting transactions. The Information Technology Team is responsible for programming and maintenance support for department-wide information systems. All data processing equipment and software purchases are reviewed and approved by the data processing manager to ensure conformity with the department's established standards and long-term plans. The Director's Office includes the Administrative Manager and the Procurement Specialist. This section provides general oversight of division functions as well as providing records management, procurement and contract administration.
