

State of Alaska FY2009 Governor's Operating Budget

Department of Education and Early Development Head Start Grants Component Budget Summary

Component: Head Start Grants

Contribution to Department's Mission

To provide a comprehensive child development program that encompasses all aspects of a child's development and learning and is offered in a family-centered manner.

Core Services

- Issue grants to Head Start and Early Head Start grantees serving Alaskan children;
- Provide technical assistance and resources to grantees in the areas of early childhood education, school readiness, health, nutrition, early development and administration; and
- Partner with other systems development initiatives to address specific issues for young children, birth to five years and their families, through the federally-funded Alaska Head Start Collaboration Project.

FY2009 Resources Allocated to Achieve Results

FY2009 Component Budget: \$6,338,900	Personnel:	
	Full time	2
	Part time	0
	Total	2

Key Component Challenges

Head Start serves only 25% of the eligible children and families. Expanding services to reach more of the eligible children and families and to strengthen existing programs continues to be a key issue, as well as continued improvement in school readiness. Head Start is nationally proven to have a positive impact in children's success in school and in avoiding juvenile crime. Additional state resources will no longer help Head Start programs leverage direct additional federal and local funding to enhance existing programs and expand services to additional children and families. Additional levels of program enhancement and service expansion is currently dependent on additional state and local funding. It will also help children arrive at school (K-12) ready to learn.

Significant Changes in Results to be Delivered in FY2009

No changes in results to be delivered for FY2009.

Major Component Accomplishments in 2007

- Enhanced children's growth and development in children served by Head Start grantees;
- Over 3,100 children participated in developmental screening and individual learning plans;
- Helped to strengthen families as primary nurturers and first teachers of their children;
- Over 3,000 families had the opportunity to participate in child growth and development training;
- Provided enrolled children with education, health, and nutrition services;
- Linked children and families to needed community services;
- Over 90% of enrolled children now have continuous and accessible medical care (an increase of over 30% since 2004)
- Over 80% of enrolled children now have continuous and accessible dental care (an increase of 12% from 2005);
- Promoted high quality, effective programs with qualified staff;

- Over 42% of Head Start staff are, or were, Head Start parents;
- Enrolled children participated in medical, dental, and nutritional screenings;
- Promoted high quality, effective programs with qualified staff;
- Assisted teachers and staff in obtaining course work to achieve higher levels of certification, degrees and general qualifications;
- Provided focus on child outcomes, language, literacy, math, science, and cognitive development;
- Over 1,000 Head Start four year olds participated in national math, language and literacy screenings;
- Provided a statewide focus on school readiness; and
- Participated collaboratively with school districts in the Alaska Community Preschool Project working to accelerate children's cognitive development and to prevent some forms of learning disabilities.
