Project Description/Justification:

This project funds the replacement of law enforcement equipment for the Division of Alaska Wildlife Troopers.

Annual funding is needed to provide the primary law enforcement organization in the state with basic law enforcement equipment necessary for state troopers to provide service to the public. Equipment regularly needs replacement because of constant use and normal wear and tear.

This project will provide funding for the following types of equipment; however other types of equipment may be purchased if it is deemed more mission critical than these items at the time of purchase.

New and replacement electronic and office equipment: \$150,000

This category of equipment includes digital cameras, computers, scanners, printers, and video and office equipment for use in crime scene and other documentation and evidence gathering. This category also includes the replacement of antiquated and irreparable office furniture such as desks and chairs.

Law enforcement equipment: \$100,000

This request would replace aging equipment used in search and rescue missions as well as fisheries and wildlife patrols. Types of equipment include snowmobiles, all terrain vehicles (ATV), outboards, and trailers.

This project promotes the department's mission of public safety and protecting Alaska's natural resources through wildlife enforcement.
