	Trout	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	-1	0	0
This transfer will return PCN 20-7010 Administrative Clerk II (range 8) position to the Anchorage Correctional Complex (ACC) component from the Commissioner's Office component. This vacant position was transferred through the FY2009 budget process with the intent to reclassify to an Internal Auditor (range 21) position.												
Funding was not appropriated in the FY2009 operating budget for the Internal Auditor and the current authorization cannot absorb the cost of this position. This position is being returned to ACC to assist with meeting the administrative needs of the facility. This position is currently filled.

Trout		0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	-1	0	0
Transfer of vacant PCN 20-1052 and reclassify from a Project Coordinator (range 18) to a Psychological Counselor II (range 17) to assist in meeting Mental Health Services for beneficiaries that have been committed to the custody of the department.												
The FY2009 budget appropriated funding to support increased Mental Health staffing, but no new positions were authorized. This position is vacant and available for transfer. The reclassification will assist in meeting the staffing needs for Mental Health Services.												
The Department of Corrections continues to process in excess of 33,000 bookings annually. Nearly 14,000 of these bookings have a mental health diagnosis. Mental Health staff are providing services for approximately 100 - 120 new patients each month who had previously been unidentified as having mental health diagnosis. This transfer will assist in provide staffing to meet the increased offender population with mental health issues.

FY2010 Federal Authorization for Statewide Automated Victim Information and Notification Programs Grant												
	IncOTI	183.9	0.0	0.0	91.9	92.0	0.0	0.0	0.0	0	0	0
1002 Fed Rcpts		183.9										
This request will increase the federal authority to meet the FY2010 grant amount.												
The Department of Corrections (DOC) is requesting authority to receive and expend funding from the United States Department of Justice, Office of Justice Programs, Bureau of Justice Assistance's FFY2008 Developing and Enhancing Statewide Automated Victim Information and Notification (SAVIN) grant. The SAVIN grant assures victims of crime receive accurate and timely information regarding the status of offenders and events related to their case and enables victims participation in the process and the ability to make well-informed personal decisions.												
As stated in both the Alaska Constitution and Statutes, a crime victim has the right to be reasonably protected from the accused and the right to obtain information about the accused, to include being informed of the accuser's escape or release from custody. In 1999, the State of Alaska, through the Department of Corrections, became one of the first states to initiate an automated victim notification system (VINES). This system provides self-registered victims with information regarding the custody status of a given offender.												
The Department of Corrections will use this SAVIN grant award to enhance Alaska's existing statewide automated VINE system by adding photos which will allow for a more positive visual identification and verification of the offender. SAVIN also provides one more method to assure that a victim's rights to information and notification are being upheld.												
With SAVIN funding it is anticipated that DOC will move closer to an environment of digital cameras and an industry standard interface capable of providing offender photos on the online victim notification system while also conversing with the offender management system (and possibly with other local and federal law enforcement agencies). This enhanced VINE system will be primarily evaluated based on its key objective of how well the program meets the needs of crime victims. At the end of the grant period DOC will produce a report that will measure results, along with the input from victims, to be included in a final report on the project provided to the Bureau of Justice Assistance.

Expand File Imaging Program	Inc	180.0	150.3	0.0	15.4	14.3	0.0	0.0	0.0	3	0	0
1004 Gen Fund		180.0										

The Department is requesting replacement of the File Imaging Program in FY2010 by decrementing the FY2009 One-Time-Item (OTI) and replacing as an increment request for establishment into the base budget for the Research and Records component. This request will continue the on-going records imaging management process.

In FY2007 there were approximately 320 boxes of offender criminal and medical records imaged and purged, and in FY2008 there were approximately 270 boxes of offender criminal and medical records imaged and purged.

There are now approximately 2,700 boxes of medical records and 3,000 boxes of offender criminal records remaining that need to be imaged and purged in an effort to reduce space and storage requirements. Boxes of offender records continue to be received for storage until imaging and purging can be accomplished. These boxes are currently being stored at the Diplomacy Building in Anchorage, with additional offender medical records being stored at the Anchorage Correctional Complex. The Department will relocate storage space from the Diplomacy Building to the Ptarmigan Building during January, 2009. Continuing the imaging of these records will reduce the amount of storage space required for these boxes.

The FY2009 OTI included three permanent full-time positions to continue with the completion and maintenance of this on going program. This request adds the funding needed to continue supporting these positions and program. Due to the number of records to be sanitized and imaged, these positions are critical in this program. Once the expansion of the imaging process is fully implemented it will be necessary to maintain files as imaged records rather than hard-copy files.

This results in increased efficiencies and in cost avoidance for future storage requirements within the Department.

Remove FY2009 One Time Item for Expanding the File Imaging Program

	OTI	-180.0	-150.3	0.0	-15.4	-14.3	0.0	0.0	0.0	-3	0	0
1004 Gen Fund		-180.0										

This transaction reduces the FY2009 One-Time-Item of Expanding the File Imaging Program and three positions.

After reconciliation of personal services for step placement corrections, the current authorization does not meet the anticipated needs for FY2010. The excess authorization previously transferred to the commodities line is being transferred back to the personal services line to meet this shortfall.												
Increased Out-of-State Contract Bed Rate for FY2010												
	Inc	381.1	0.0	0.0	381.1	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		381.1										
The proposed increase for this component is related to the bed rate increase negotiated with the Corrections Corporation of America for contract prison space in Arizona. The current FY2009 bed rate is \$61.63 with the anticipated FY2010 bed rate to be \$62.86 per prisoner per day with an anticipated average prisoner population of 900.												
As of October 31, 2008, the out-of-state prisoner population was at 882 and the in-state population was at 96% of the institutional capacity. The Department has no expectation of any decline in the offender population and anticipates continuing to place prisoners in the contract facility throughout the next fiscal year.

The inmate wage authorization for tutoring is being transferred from the Offender Habilitation Program component to the appropriate institutional facility. Inmate wages are paid by each institution with the exception of the tutors. This transfer will maintain all inmate wage authorization within each institution. This authorization is being transferred to:
 \$2.0 - Hiland Mountain Correctional Center (HMCC)
 \$3.0 - Palmer Correctional Center (PCC)
 \$1.9 - Wildwood Correctional Center (WWCC)
 \$0.6 - Yukon Kuskokwim Correctional Center (YKCC)

The Department of Corrections' (DOC) long-range goal is to provide comprehensive, integrated medical, mental health, substance abuse treatment services, and behavioral modifications both within correctional facilities and as a central component of corrections-community linkages.

The relationships between behavioral health (mental health and substance use) disorders, behavioral modification (sex offender), and physical health disorders (general health care) are connected and should be budgetarily co-located. This assists the DOC's phased and ongoing efforts to isolate and identify the true costs that go to serve this special needs population.

The Department proposes moving the Substance Abuse Treatment and Sex Offender Program out of the Offender Habilitation Programs component, Population

1004 Gen Fund		58.6										

Transfer unrealized inter-agency authorization from the Inmate Transportation component to the Anvil Mountain Correctional Center component. This transfer will increase the budgeted authorization within the AMCC for the increased reimbursable service agreement with Health & Social Services for the Youth Meals.

This line item transfer will move authorization from the travel line to the contractual service line to reflect anticipated expenditures. This authorization was allocated to meet expenditures of charters for inmate transports both in and out of state. Transfer of this authorization is appropriate since these types of expenditures are recorded within the contractual services line.

After reconciliation of personal services, re-distribution of the Vacancy & Turnover (V&T) authorization \$1,853.9 received in the FY2009 budget and \$1,321.6 from the correctional officer premium pay. This re-distribution is necessary to meet the anticipated personal service expenditures within 24 hour Institutions and the Inmate Transportation component.

Authorization is being re-distributed as follows:
 \$ 58.6 - Inmate Transportation
 (\$ 18.9) - Anchorage Correctional Complex
 (\$ 14.6) - Anvil Mountain Correctional Center
 (\$ 56.7) - Hiland Mountain Correctional Center
 (\$ 13.1) - Fairbanks Correctional Center
 \$ 27.7 - Ketchikan Correctional Center
 \$ 60.2 - Lemon Creek Correctional Center
 \$ 98.6 - Mat-Su Correctional Center
 \$ 13.3 - Palmer Correctional Center
 (\$275.5) - Spring Creek Correctional Center

Transfer Receipt Support Service authorization for inmate phones receipts from the Lemon Creek Correctional Center (LCCC) to the Anchorage Correctional Complex (ACC).

This transfer will combine all Receipt Support Service authorization for inmate phone receipts in the ACC facility. This process will be more efficient by eliminating the need for revised programs between institutions to meet receipt collections. This will also allow for easier tracking of collected revenues and identification of any shortfalls in authorization. A proposed rate of \$2.00 per call for local calling is pending approval by the Regulatory Commission of Alaska (RCA).

The Receipt Support Service authorization is being replaced with general funds in a separate transaction.

	Trin	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	1	0	0
This transfer will return PCN 20-7010 Administrative Clerk II (range 8) position to the Anchorage Correctional Complex (ACC) component from the Commissioner's Office component. This vacant position was transferred through the FY2009 budget process with the intent to reclassify to an Internal Auditor (range 21) position.												
Funding was not appropriated in the FY2009 operating budget for the Internal Auditor and the current authorization cannot absorb the cost of this position. This position is being returned to ACC to assist with meeting the administrative needs of the facility. This position is currently filled.

The number of incarcerated prisoners in the department's custody has become stable, however, the number of federal prisoners housed by the department is still anticipated to decline. This reduction in the number of federal prisoners housed as well as the number of days held in the department's custody has previously resulted in the decrease of realizable federal receipts. Many of the facility costs are static and General Funds are needed to provide funding for daily operations.

Transfer Receipt Support Service authorization for inmate phones receipts from the Lemon Creek Correctional Center (LCCC) to the Anchorage Correctional Complex (ACC).

This transfer will combine all Receipt Support Service authorization for inmate phone receipts in the ACC facility. This process will be more efficient by eliminating the need for revised programs between institutions to meet receipt collections. This will also allow for easier tracking of collected revenues and identification of any shortfalls in authorization. A proposed rate of \$2.00 per call for local calling is pending approval by the Regulatory Commission of Alaska (RCA).

The Receipt Support Service authorization is being replaced with general funds in a separate transaction.

Pursuant to sec. 19(a) - (d), ch. 27, SLA 2008, pages 75 - 78, \$44 million is distributed to state agencies from the Office of the Governor to offset the increased costs for fuel and utilities. Per the Department of Revenue, the fiscal year-to-date average price of Alaska North Slope crude as of August 1, 2008, was \$133.32 per barrel, which is \$50.28 (60.6%) above DOR's Spring 2008 FY2009 forecast amount of \$83.04.

The amounts transferred to state agencies are as follows:
Administration, \$66.8; Corrections, \$1,760.0; DEED, \$167.8; DEC, \$111.0; Fish and Game, \$227.8; HSS, \$1,760.0; Labor, \$103.6; DMVA, \$960.1; DNR, \$199.6; DPS, \$803.3; Transportation, \$33,000.0; University, \$4,840.0.

1004 Gen Fund		-63.8										
Transfer vacant PCN 20-8152 with funding from the Spring Creek Correctional Center (SCCC) to the Hiland Mountain Correctional Center (HMCC) for re-class from the current classification of Maintenance General Journey (range 56) to a Food Service Lead (range 54) position.												
An increase in the offender population created the need for an additional Food Service Lead position. This will assist in meeting the food service needs of the facility. It is necessary to provide approximately 1200 meals per day, which requires an adequate number of professional food service staff to manage the food service operations as well as providing supervision of the inmate workers.

1004 Gen Fund		400.0										
Transfer General Fund authorization to the Electronic Monitoring component from the Classification & Furlough component. This transfer is necessary to meet the anticipated expenditures within the contractual line.												
The Electronic Monitoring (EM) Unit was separated out from Classification & Furlough through the FY2009 budget process and established as a single component. The authorization transferred is not sufficient to meet the EM Unit expenditures. This transfer will increase the GF authorization to meet the anticipated operating needs of the EM Unit.												
ADN 20-9-0019 Transfer PCN's 20-6723 & 20-6740 from Electronic Monitoring to Anchorage Correctional Complex												
	Trout	-164.5	-164.5	0.0	0.0	0.0	0.0	0.0	0.0	-2	0	0
1004 Gen Fund		-164.5										
Transfer Correctional Officer I/II PCN's 20-6723 and 20-6740 with funding from the Electronic Monitoring Component to the Anchorage Correctional Complex (ACC). The duties currently being performed by the Correctional Officers within the Electronic Monitoring Unit are now being performed by the Probation Officers assigned to this component.												
The department has completed an independent study of security posts throughout the institutions. This study has revealed the need to realign existing security staffing to meet each facilities needs. This transfer will assist in meeting the identified security staffing levels within the ACC.												
The department is engaged in an aggressive recruitment campaign to fill vacant security positions. The realignment and recruitment of these positions will serve to increase public protection and officer safety; positively impact officer retention; and to comply with legislative intent language to reduce overtime.

<p>The Division of Legislative Audit recommends that the Department of Corrections restructure the community jails program to promote equity between communities. This involves identifying the various types of activities and costs associated with operating local jails while being consistent with security standards and staffing requirements.</p> <p>For many years funding for the community jails program has been based on historic and outdated financial information. It is now necessary to correct this situation and develop allowable standardized costs for community jail operations. This is even more important because according to the Department of Administration each community participating in the community jails program is already required to have a State single audit.</p> <p>Establishing a professional services agreement with an independent contractor will assist the department in its endeavor to ensure that a balanced distribution of funding is allocated on an equitable basis within the community jails program.</p> <p>An extended termination date is required to allow sufficient time to procure a contract and assure the vendor has adequate time to complete this analysis.</p>

PosAdj		0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	1	-1	0
PCN 20-4240 has been transferred from a part-time Health Practitioner I (range 24) located in Nome to a full-time Mental Health Clinician II (range 19) located in Bethel. Due to recruitment difficulties, this position has continually been vacant since May 2004. Transfer and reclassification of this PCN will allow this position to be utilized as the Mental Health Clinician II for oversight of the Sex Offender Community Treatment Program in Bethel. This reclassification and position status change was completed in February 2008 and this change record documents and substantiates the changes.												
ADN 20-9-0008 Transfer Vacant PCN 20-1052 from Administrative Services to Inmate Health Care												
Trin		0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	1	0	0
Transfer of vacant PCN 20-1052 and reclassify from a Project Coordinator (range 18) to a Psychological Counselor II (range 17) to assist in meeting Mental Health Services for beneficiaries that have been committed to the custody of the department.												
The FY2009 budget appropriated funding to support increased Mental Health staffing, but no new positions were authorized. This position is vacant and available for transfer. The reclassification will assist in meeting the staffing needs for Mental Health Services.												
The Department of Corrections continues to process in excess of 33,000 bookings annually. Nearly 14,000 of these bookings have a mental health diagnosis. Mental Health staff are providing services for approximately 100 - 120 new patients each month who had previously been unidentified as having mental health diagnosis. This transfer will assist in provide staffing to meet the increased offender population with mental health issues.

<p>SB 218 requires regular periodic polygraph examinations of all sex offenders released on probation or parole following the effective date of July 1, 2007. Regular periodic polygraph examinations used in conjunction with community sex offender treatment and sex offender specific supervision, often referred to as the Containment Model, is best practice in the field of sex offender management.</p> <p>The fiscal impact on Sex Offender Management Program is phased in over a three year period beginning in FY2008 as offenders gradually are released with the new parole/probation conditions.</p>												
Increase Mental Health Services												
	Inc	444.8	0.0	0.0	444.8	0.0	0.0	0.0	0.0	0	0	0
1171 PFD Crim		444.8										
<p>Increase Mental Health Services to meet the increase in beneficiaries that have been committed to the custody of the Department.</p> <p>The Department of Corrections (DOC) processes approximately 38,000 bookings annually. Nearly 14,000 of these bookings have a mental health diagnosis. Mental Health staff are providing services for approximately 100 - 120 new patients each month who had previously been unidentified as having mental health diagnosis. This funding will provide staffing to meet the increased offender population with mental health issues.</p> <p>The Alaska Mental Health Trust Authority funded Hornby Zeller Study of "Trust Beneficiaries in the Alaska Department of Corrections" (December 2007), recommends revised screening and assessment protocols for mental health to capture a higher, more accurate portion of Alaska's mentally ill population upon incarceration. This improved reception and diagnostic tool will systemically identify moderate mental illness, brain injury, fetal alcohol spectrum disorder, and other brain disorders. Better identification will in-turn increase the number of incarcerated mentally ill offenders for referral to mental health treatment, substance abuse treatment, or other institutional programming; or, for diversion into expanded community-based services.</p> <p>An increased number of offenders will generate the need for expanded treatment programs. This will require an increased number of DOC staff and increased professional services contracts for mental health providers for expanded institutional and/or community-based services. One primary area of focus begins while the offender is still incarcerated. DOC mental health care staff will link community treatment providers with the soon-to-be released offender so a plan can be developed for the offender to transition into treatment once released by DOC. One known existing DOC position that will be 50% funded by this request is the Mental Health Clinician II position assigned to the Yukon-Kuskokwim Correctional Center, this represents approx \$67.7. Coordinated clinical care between DOC and community mental health providers is critical to the success of re-entry.</p> <p>The level of treatment services depends strictly on the multi-axial classification of the offender. For both incarcerated and released offenders this can range from intensive daily rehabilitation and treatment services with a staff/client ration 2:1 for high risk individuals, to weekly group therapy for low-risk individuals. These expanded contractual mental health services for intake and treatment may include day rehabilitation and treatment plans to address lifeskills, medication management and administration through direct observed therapy, thinking errors and anger management.</p> <p>Expanded professional services contracts may include, but are not limited to: Norton Sound Health Corporation, Mat-Su Health Services, Daybreak Inc, Anchorage Community Mental Health Services, Seaview Community Services, Assets Inc, Fairbanks Community and Behavioral Health Services, South Central Foundation, and the Juneau Alliance for the Mentally Ill.</p>												
Establish an Institutional Sex Offender Treatment Program

<p>This funding will increase the Sex Offender Treatment Program for institutional programming within the Wildwood Correctional Center, beginning with Level I (Basic) treatment programs. This will enhance community safety because more offenders will receive intensive assessment and treatment prior to release.</p> <p>Services in the Level 1 program would include offense-specific assessment and psycho-educational programming on basic sexual offending issues. Offense-specific treatment will be offered in an individual and group setting and therapists will work with probation officers to develop appropriate safety plans for offenders who are releasing. Offense-specific assessment and treatment focuses on issues that are directly related to sexual offending. This differs from general mental health counseling that is not related to the risk of re-offense.</p>												
Expand Institutional Out-Patient Substance Abuse Treatment Program												
	Inc	500.0	0.0	0.0	500.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		500.0										
<p>Increase Substance Abuse Treatment Programs services into two additional correctional facilities to provide institutional out-patient treatment for incarcerated offenders. Out-patient (Institutional) Substance Abuse Programs are continuous (or open-ended) intensive treatment for a duration period of 3 to 4 months. All participants will have aftercare plans when released back into communities.</p> <p>In FY2009, the Department received an increment of \$801.0 for inpatient treatment. This funding implements five intensive outpatient treatment programs beginning with Spring Creek Correctional Center, Palmer Correctional Center, Fairbanks Correctional Center, Yukon-Kuskokwim Correctional Center, Lemon Creek Correctional Center, and the Anchorage Community Residential Treatment Centers.</p> <p>Under professional services contracts, the program currently provides cognitive and behavioral group substance abuse treatment--3 to 4 months in duration, 4 to 5 days per week, 3 to 4 hours per day. In conjunction with substance abuse treatment is an anger management program. Aftercare Programs are offered at the Wildwood Correctional Center and the Hiland Mountain Correctional Center.</p>												
Move Substance Abuse Treatment Program from Offender Habilitation Programs to Inmate Health Care

1004 Gen Fund		2,193.9										
---------------	--	---------	--	--	--	--	--	--	--	--	--	--

The Department of Corrections' (DOC) long-range goal is to provide comprehensive, integrated medical, mental health, substance abuse treatment services, and behavioral modifications both within correctional facilities and as a central component of corrections-community linkages.

The relationships between behavioral health (mental health and substance use) disorders, behavioral modification (sex offender), and physical health disorders (general health care) are connected and should be budgetarily co-located. This assists the DOC's phased and ongoing efforts to isolate and identify the true costs that go to serve this special needs population.

The Department proposes moving the Substance Abuse Treatment and Sex Offender Program out of the Offender Habilitation Programs component, Population Management Results Delivery Unit (RDU) to the Inmate Health Care RDU. The Offender Habilitation Program Component will continue to have the Educational Program Services and the Chaplain Program Services neither of which can be classified behavioral health programs.

The MH Trust: Dis Justice - Implement Assess, Plan, Identify, Coordinate (APIC) model connects the Trust beneficiary offenders re-entering the community to appropriate community behavioral health services and when appropriate, prior to release applies and receives prior authorization for SSI/Medicaid benefits for the beneficiary offender. This project will be managed by the Director of Mental Health Release Programs, with some funding disseminated to behavioral health grantees through contract agreements.

This project maintains a critical component of the Disability Justice Focus Area plan by proactively engaging the community treatment provider with the soon-to-be-released offender, so a plan is developed and secured for the offender to transition into once released from Department of Corrections (DOC) custody, thus decreasing the risk of recidivism and the associated high costs of care within the correctional setting. DOC staff will be collecting data on how funding is being utilized to save correctional costs, number of beneficiaries served, and the number of beneficiaries qualified, pre-release, for SSI/Medicaid.

This project was funded in FY2009 with \$210.0 MHTAAR and \$239.0 GF/MH. In FY2010 The Trust will maintain the partnership with DOC and the momentum of effort in this project with a MHTAAR investment at \$210.0.

<p>Beginning in FY2008 the Trust in partnership with the Department of Corrections, focused on increasing mental health clinical capacity within their correctional facilities. As part of this partnership funding was secured in FY09 for a mental health clinician at the Wildwood Correctional Center in Kenai. Currently there no on-site mental health staff at the Yukon-Kuskokwim Correctional Center in Bethel. Thus, mental health screenings are done by medical staff and those identified as having mental health needs are seen via telemedicine clinic on a weekly basis. As part of the Department-wide expansion, an additional 68 beds will be added to accommodate the facilities' growth. Adding a Mental Health Clinician staff to better assist those with mental health disorders in Bethel and other identified facilities is a critical need.</p> <p>In FY2010 a \$164.0 MHTAAR increment is requested for this project.</p>												
MH Trust: Dis Justice - Critical Incident Stress Management and Moral Reconciliation Therapy Training/materials

		12.5										
<p>Critical Incident Stress Management is needed to support staff members of organizations which have experienced a traumatic event. Critical incidents are powerful traumatic events that initiate the crisis response. These events are usually outside of the usual range of normal human experiences on the job. Examples in Alaska Department of Corrections (DOC) include line of duty deaths, serious injury to personnel, suicides, serious suicide attempts and security threats to personnel. If not managed and resolved appropriately, research shows that critical incident stress leads to higher levels of attrition with agencies, as well as to severe psychological disorders in the individual.</p> <p>Moral Reconciliation Therapy raises the moral decision making strategies of offenders. The program's focus is to teach self-control and resisting-peer-influence skills to inmates. A meta-analysis of nine outcome studies reported an average reduction in recidivism of 22 percent for offenders participating in this therapeutic approach.</p> <p>In FY2010 \$12.5 MHTAAR is requested for this project.</p>												
FY2010 Wage and Health Insurance Increases for Bargaining Units with Existing Agreements
