1004 Gen Fund		300.0										
Move the decrement for \$300.0 adopted by the Conference Committee from the Budget Reductions/Additions Appropriation, Budget Reductions/Additions - Systemwide Allocation to the Anchorage Campus. The understanding is that the reduction is for the University's priority program "Preparing Alaskans for Jobs - Health". The legislature left it open to the University to move that transaction wherever the change in request could best be absorbed. In this case, the decrement is being handled in the same manner as an unallocated reduction.

Pursuant to sec. 19(a) - (d), ch. 27, SLA 2008, pages 75-78, \$44 million is distributed to state agencies from the Office of the Governor to offset the increased costs for fuel and utilities. Per the Department of Revenue, the fiscal year-to-date average price of Alaska North Slope crude as of August 1, 2008, was \$133.32 per barrel, which is \$50.28 (60.6%) above DOR's Spring 2008 FY2009 forecast amount of \$83.04.												
The amounts transferred to state agencies are as follows: Administration, \$66.8; Corrections, \$1,760.0; DEED, \$167.8; DEC, \$111.0; Fish and Game, \$227.8; HSS, \$1,760.0; Labor, \$103.6; DMBA, \$960.1; DNR, \$199.6; DPS, \$803.3; Transportation, \$33,000.0; University, \$4,840.0.

U of A Adjusted Base Salary Increase - UA Staff and Adjuncts

SalAdj	701.0	701.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund	455.7										
1048 Univ Rcpt	245.3										

This increment includes salary increases for UA Staff and United Academic Adjuncts.

Non represented staff have a 4.5 percent grid increase applied pursuant to University Regulation and the Board's formal approval of its budget proposal on 10/31/08.

For adjunct faculty members of the AAUP/AFT under the contract in effect January 1, 2008 through December 31, 2011, a 4 percent increase will be applied to the minimum salary ranges for adjuncts which are based upon the total number of semesters taught.

This increment represents the amount required to fund the salary grid increases detailed above.

U of A Adjusted Base Salary Decrement due to ORP Savings - Non Bargaining

1004 Gen Fund		350.0										
<p>Bragaw Building Lease Expense (SW) (350.0 GF) This request is for the net increase in lease expense related to the Bragaw Building lease in Anchorage. The Bragaw Building houses Statewide administrative offices. The additional space is needed for expansion of Development, Corporate Programs, Risk and Land Management functions.</p>												
U of A Adjusted Base Non Personal Services Fixed Cost Increases												
	Inc	376.0	0.0	0.0	301.0	75.0	0.0	0.0	0.0	0	0	0
1048 Univ Rcpt		376.0										
<p>Non Personnel Services Fixed Cost Increases cover the following categories:</p> <p>Facilities Maintenance and Repair Requirement (30.1 NGF) UA's annual maintenance and repair is calculated at a minimum 1.5 percent of current building value. Each MAU is asked to annually increase its operating budget dedicated to facilities maintenance, often referred to as M&R, in order to keep pace with its ever increasing building maintenance needs. This request covers the requirement. Starting in FY10, the M&R amount will be budgeted at the allocation (campus level) instead of the MAU level.</p> <p>Other Fixed Cost Increases (345.9 NGF) The requested funds will be used toward non-discretionary cost increases estimated at 2%, in contractual services and commodities.</p>												
U of A Adjusted Base Compliance Mandates												
	Inc	14.0	14.0	0.0	0.0	0.0	0.0	0.0	0.0	1	0	0
1174 UA I/A		14.0										
<p>GASB Accounting Requirement (14.0 NGF) Additional funding is needed for a new financial accounting professional in the Statewide Fund Accounting department to absorb the significant increase in time required due to new auditing and accounting standards in recent years. Financial accounting is a critical compliance function - producing audited financial statements and federal grant and contract audit reports (OMB Circular A-133), among other accounting functions not performed at the campus level.</p>

1004 Gen Fund		-100.0										
1037 GF/MH		100.0										
Agencies across the state are working to more accurately identify their investment in the state's behavioral health programs and reflect the funding of that investment in the mental health bill. The Behavioral Health Initiative Partnership clearly falls within those parameters. Therefore, a fund change from straight general funds (fund 1004) to general fund/mental health (fund 1037) is recommended.												
MH Trust: Workforce Dev - PhD Clinical Internship Accreditation												
	IncOTI	74.0	0.0	0.0	0.0	0.0	0.0	0.0	74.0	0	0	0
1092 MHTAAR		74.0										
The UAF/UAA joint doctoral program in Clinical Community Psychology has now accepted two classes and has an enrollment of 19 students. Each year they will accept eight new students. The first large cohort of students will seek an internship for 2010-2011. A requirement for doctoral training in clinical psychology is to complete a full-time internship preferably accredited by the American Psychology Association (APA). At this time there is one APA accredited internship program in Alaska that will accept two students each year from a national pool of students from APA accredited programs. The options for Alaska PhD students are to either compete for a slot in an APA approved internship through the national matching process or to complete a non-APA approved internship. If a student chooses the former, they will be committing to a year of training outside of the state of Alaska which may ultimately impact their decision on practicing/working following internship. Training outside of the home state potentially makes it less likely to recruit that student back to Alaska. If a student chooses the latter it will make licensing and employment much more difficult. For example, Indian Health Services will only hire psychologists from an APA approved program with an APA approved internship.												
The UAF/UAA program is committed to developing at least one APA approved internship within Alaska that would be a captive internship in which UAF/UAA students would have first consideration on a training slot. UAF/UAA are also working with agencies within Alaska who are willing to establish their own APA approved internship. Whether this would be a captive internship is unclear. What is important to note is that the internship experience is a central experience for retaining students in Alaska. Current UAF/UAF faculty do not have the time nor does the program have the funds to develop a captive internship.												
It will take at least two years to complete the planning and self-study process (a process an organization goes through similar to an accreditation review, making sure all processes, procedures, and systems are in place) and then one year following accreditation to work with the agency and program to get students placed and the internship in operation. The University, therefore, proposed that the Alaska Mental Health Trust Authority grant funding for three years to complete the process of developing a captive internship program for Alaska.

<p>The Behavioral Health Initiative Partnership (BHIP) was established in 2005 to address severe behavioral health workforce shortages in Alaska. The partnership is composed of three entities: the AMHTA, the University of Alaska (UA) and the Department of Health and Social Services. The original BHIP funded expansion of academic and professional development programs in social work, human services, psychology, Bring the Kids Home (BTKH) programs and disabilities. Costs of these programs have been shared between the Trust, UA and the DHSS.</p> <p>After the partnership was formed, the Trust established workforce development as a focus area. Some of the original BHIP projects have received GF funding, but a few continue to be matched by UA and MHTAAR funds.</p> <p>This request is for a continued MHTAAR match to University and State efforts which fund Human Services at UAA and UAF, the distance MSW program and the Alaska Rural Behavioral Health Training Academy.</p> <p>In the last year approximately 900 students were served by the eight academic and outreach programs through the BHIP. Students came from 77 communities and performed practicums or were employed upon graduation almost exclusively in Alaskan agencies that serve Trust beneficiaries.</p> <p>Human Services programs at UAA and UAF educate hundreds of students for work in the human services field. Enrollment and graduation rates have increased 28% between academic years. These funds support the placement of students at community agencies for real work experience and supplement the faculty necessary to teach required courses.</p> <p>The Distance MSW program has proved highly popular, with approximately 30 students active in the program, and 14 projected to graduate in May 2009. The students targeted are those with "advanced standing" who have completed their BSW. The goal is to produce 30 graduates a year.</p> <p>The Alaska Rural Behavioral Health Training Academy sponsors training targeted to the needs of rural providers. Topics in the last year have been telemedicine, cultural competence, and child trauma. Attendees rate the training very highly.</p>

Move the decrement for \$300.0 adopted by the Conference Committee from the Budget Reductions/Additions Appropriation, Budget Reductions/Additions - Systemwide Allocation to the Anchorage Campus. The understanding is that the reduction is for the University's priority program "Preparing Alaskans for Jobs - Health". The legislature left it open to the University to move that transaction wherever the change in request could best be absorbed. In this case, the decrement is being handled in the same manner as an unallocated reduction.

1004 Gen Fund		-257.2										
1048 Univ Rcpt		-80.0										

In FY2009, an appropriation was created to move the Small Business Development Center (SBDC) budget to the operating budget. Previously the SBDC had been funded in the capital budget each year. This transfer takes the funding for SBDC that was included in the Anchorage Campus operating budget which supplemented the capital budget appropriation each year and moves it to the allocation created for the SBDC so that it will be complete and separate. This transfer

The University of Alaska Local 6070 (AHECTE) bargaining unit contract which is in effect January 1, 2008 thru December 31, 2010 states as follows:

"Article 11.7 d. Effective the first full pay period after July 1, 2009 All Bargaining Unit Members shall move to the July 1, 2009 - November 30, 2009 scale at their current classification and step.

e. Effective December 1, 2009, all Bargaining Unit Members shall move to the December 1, 2009 - June 30, 2010 scale at the current classification and step. All Bargaining Unit Members shall advance two (2) steps in their current classification. Bargaining Unit Members at Step 15 shall receive one (1) step to Step 16. Steps 3 and 4 will be removed from the scale."

This increment represents the amount required to fund the salary step increases detailed in the bargaining agreement.

U of A Adjusted Base Non Personal Services Fixed Cost Increases

	Inc	2,040.9	0.0	420.0	1,120.9	300.0	200.0	0.0	0.0	0	0	0
1048 Univ Rcpt		2,040.9										

Non Personnel Services Fixed Cost Increases cover the following categories:

Athletics Travel (22.7 NGF)

This request provides funding increases for intercollegiate athletic team travel at UAA and UAF to offset airline cost increases. NCAA and conference obligations require UA to send its intercollegiate athletic teams to a fixed number of competitions as well as subsidize partial travel expenses incurred by WCHA member teams traveling to Alaska. In addition, in order to schedule non-conference home contests, UA must offer game guarantees to offset increasing airline costs of visiting teams.

Academic and Research Travel (388.4 NGF)

Airline ticket costs have increased 30%. UA has taken the necessary measures to reduce administrative travel, academic and research travel to the extent possible without impacting program requirements. This non-general fund request offsets the remaining airline cost increases necessary to maintain academic and research program requirements.

Facilities Maintenance and Repair Requirement (364.6 NGF)

UA's annual maintenance and repair is calculated at a minimum 1.5 percent of current building value. Each MAU is asked to annually increase its operating budget

										PFT	PPT	
dedicated to facilities maintenance, often referred to as M&R, in order to keep pace with its ever increasing building maintenance needs. This request covers the requirement. Starting in FY10, the M&R amount will be budgeted at the allocation (campus level) instead of the MAU level.												
Other Fixed Cost Increases (1,265.2 NGF) The requested funds will be used toward non-discretionary cost increases estimated at 2%, in contractual services and commodities.												
U of A Adjusted Base New Facility Operating and Maintenance Costs												
	Inc	344.3	100.0	0.0	244.3	0.0	0.0	0.0	0.0	2	0	0
1048 Univ Rcpt		344.3										
New Facility Operating and Maintenance Costs include the following facilities:												
Integrated Sciences Building East Campus Parking Garage (141.3 NGF) This request covers the maintenance requirement and anticipated new facility operating costs. The parking garage, due to its function, costs less to operate and requires less Maintenance and Repair than a typical building. Since this is an auxiliary operation, non-general funds are being requested.												
Integrated Sciences Building Support Positions (203.0 NGF) Funds are requested to support staffing levels in the science areas for the Integrated Science Building scheduled to open in Fall of 2009. This 120,000 square foot facility extends the research and teaching capacities within the sciences. Several design elements of this building support modern efficiency, safety, federal requirements, and growing teaching and research program needs. The Integrated Sciences Building science teaching laboratories and classrooms support professional programs including Nursing and other high demand areas as well as providing science general education and instructional space for majors in science degrees. Completion of the facility will approximately double the amount of space devoted to science instruction and research programs.

UAA Critical Faculty-Energy Economist (88.4 GF; 99.7 NGF)
The Institute of Social and Economic Research requests funding for an economist specializing in energy economics and policy. The economist will lead ISER's and UAA's efforts to understand, project, and communicate the economic effects of higher energy prices and rapid climate change in the North, including the effects on Alaska of national climate policy such as carbon pricing or cap-and-trade. The position would: 1) leverage existing ISER energy economics efforts and seize major new opportunities for external support (EPA, NSF, NOAA); 2) provide capacity to partner with the UAF Alaska Center for Energy and Power (ACEP) and to address socioeconomic aspects of Scenarios Network for Alaska Planning (SNAP) and Resilience and Adaptation EPSCoR initiatives; 3) Meet a critical state need by supporting the state's response to energy prices and climate change; and 4) help ensure the student success of a new generation of UAA graduates

1004 Gen Fund		1,380.6										
1048 Univ Rcpt		180.0										

Academic Programs at Anchorage Campus total (GF: \$1,380.6, NGF: \$180.0, Total: \$1,560.6) and include the following items:

UAA Clinical Rotations/Health Pipeline (GF: \$300.0, NGF: \$20.0)

The university and several industry partners have been engaged in the past several years in collaborative efforts to encourage Alaskans into health careers, support health students to select employment in underserved areas and with underserved populations, and reduce attrition of health workers in underserved areas by providing and coordinating clinical education. This has been accomplished under the auspices of the Area Health Education Center (AHEC), and supports the geographic areas of Yukon-Kuskokwim Delta, Interior, and Southcentral Alaska. While these activities to develop and support the health workforce in Alaska have been funded through a federal grant up to the present, it is understood that federal resources will diminish over the next few years, and must be replaced by non-federal resources, as is intended by the federal program. This budget request will enable more resources to be available to the Centers in Bethel, Fairbanks, and Anchorage to carry out coordination of clinical rotations, continuing education and pipeline activities.

UAA Distance Social Work Program (GF: \$151.5, NGF: \$20.0)

The Distance Master of Social Work (MSW) Program was created as the result of a partnership between the University of Alaska (UA) and the Alaska Mental Health Trust Authority (AMHTA) in FY03. The distance program was funded with general funds in 2007 upon completion of the four-year budget cycle of the UA and AMHTA statewide initiative process. In an effort to substantially increase the number of graduate prepared social workers statewide, the 2006 UA and AMHTA Behavioral Health Initiative Program (BHIP) funded an expansion of the Distance MSW Program that added a second cohort to the distance program, doubling the number of students in the distance program. The loss of BHIP funds in FY09 will result in the elimination of the expansion cohort, making it only possible to admit students to the distance program once every four years rather than two. The MSW expansion added 15 graduate students to the distance MSW program, producing 15 SCH each for a total of 225 sch/year. Requested are base funds for personal services and related travel support costs which include oversight of field practicum placements.

UAA Human Services Practicum Coordination (GF: \$108.0, NGF: \$5.0)

The Human Services Department is requesting funding to meet accreditation guidelines. The department reaccreditation application is to be considered by the Council for Standards in Human Service Education (CSHSE) during the October 2008 meeting. The request is also made to continue to successfully train human service generalists to meet Alaska's behavioral health needs. The Human Services department serves approximately 400 majors and maintains an average graduation rate of 80 students per year, approximately 29% of whom are ethnic minorities. The present staffing pattern is not sufficient, creates serious concerns regarding the department's upcoming reaccreditation and does not allow the department to meet student and employer needs. This increment request seeks permanent funding for a practicum coordinator and administrative assistant that are currently funded through an AMHTA grant and other soft funding.

UAA Pharmacy Careers Faculty/Liaison (GF: \$160.0)

The health care industry in Alaska has been calling for assistance with the pharmacist shortage in the state for nearly a decade. The vacancy rate for this profession was approximately 24% in 2007, with an estimate of nearly 100 vacant positions. The Alaska Department of Labor projects a need for nearly 180 additional pharmacists in the decade ending in 2012. It is expected that during the 2008-09 academic year, potential partner schools will be identified and at least one selected to bring a pharmacy program to Alaska. In order to effectively host such a program and coordinate the involvement of interested pharmacists and faculty from across the state, a pharmacy faculty/liaison will be required which will advise students and implement and manage the UA pre-pharmacy track.

										PFT	PPT	NP

UAA Physical Therapy Careers Faculty/Liaison (GF: \$104.8, NGF: \$15.0)

This proposal funds a faculty/liaison to coordinate three related efforts at the University of Alaska Anchorage: development of a clear pre-physical therapy track (part of the Bachelor of Science in Health Sciences program), development of a partnership with one or more physical therapy schools to offer PT education in Alaska, and facilitation of a partnership with Whatcom Community College (WCC) in Bellingham, Washington or other institution to offer a physical therapy assistant program in Alaska. Interest was generated in this partnership through a health industry partner. Initially, 6-10 students will be admitted in the first cohort, but there is opportunity for larger numbers of students to begin the preparation process as soon as the partnerships are in place and pathways advertised.

UAA Physician Assistant Program Expansion (GF: \$249.3, NGF: \$30.0)

MEDEX Northwest has been training physician assistants (PAs) for Alaska's communities since 1972. Since 1981, six to ten Alaska students annually have been accepted and they have attended the first year of training in Washington. The 2006 Alaska Physician's Supply Task Force Report established that there is a looming shortage of medical providers in Alaska. The report prompted state policymakers and educators to take action to address these shortages. This proposal to expand the UW MEDEX/UAA Physician Assistant program in Alaska is part of the solution to assuring that Alaskan's future health care needs are met. Expanding the MEDEX Program to an Anchorage training site will enhance opportunities for Alaskans to obtain their PA training without having to leave the state. The projected MEDEX/UAA program is 24 months long with the first year classroom portion to be delivered in Anchorage on the UAA campus. The second year consists of clinical rotations delivered throughout Alaska and regionally. There will be increased enrollment in this program, from approximately 10 students currently to 20-24 admitted per year, and both years will be taken in Alaska.

UAA Radiologic Technology Program, Fairbanks (GF: \$48.0, NGF: \$20.0)

The UAA Radiologic Technology AAS program is offered in several locations in Alaska through use of video conferencing and online blended learning methods. While this was a profession in shortage several years ago, offering this program has greatly improved the situation in the state and it is important to maintain the gains. These funds will provide the Fairbanks-based program with stable funding, and will ensure support for radiologic technology faculty and students in that community. Four to six students per year are admitted to that site. There have been 22 graduates there since program inception in 2003 and most continue to reside and work in Fairbanks.

UAA Dietetics and Nutrition Program Expansion (GF: \$78.5, NGF: \$20.0)

Culinary Arts and Hospitality/Dietetics and Nutrition offers an Associate of Applied Science degree in Culinary Arts and a Bachelor's of Arts in Hospitality Restaurant Management degree. Further, the program maintains the only official American Dietetic Association (ADA) Clinical Dietetics Internship program in the State of Alaska. Finally, the program offers a Nutrition Minor, with 100% of course offerings available online, statewide. In 2006 a Statewide feasibility study indicated the need for a baccalaureate degree program in nutrition in Alaska. This finding, in addition to the ever-increasing rates of diabetes and obesity, along with constant (approximately 25-35) requests per year for a nutrition degree, support the strong need for a BS in nutrition and in dietetics. This request seeks funding to enable the program to offer a BS degree in dietetics and a BS degree in nutrition.

UAA Psychological-Educational Clinical Services (GF: \$41.3, NGF: \$20.0)

The psychology clinics of the joint doctoral program are in-house clinics designed to meet programmatic needs (e.g., APA accreditation) and a demonstrated student and community need for psychological services. The clinics must include: Clinical operation congruent with APA ethical standards and guidelines; Faculty licensed professionals, classified staff and graduate student assistants; Software for clinic management; Behavioral health research and data management software; Psychological assessment instruments for research, screening and monitoring of client symptoms; Treatment outcomes instruments. From 2005 to 2008, the Psychological Services Center (PSC) has had a 30% increase in visits to the Center by UAA students.

UAA Dental Programs Expanded Functions (GF: \$47.2, NGF: \$10.0)

Recent legislative changes resulted in an increased scope of practice for dental assistants and hygienists to include restorative functions. State statute requires coursework through American Dental Association accredited programs. Current discussion with the Alaska State Dental Hygiene Association and the UAA Dental Programs faculty have centered around an initial stand-alone course that will be available to practicing hygienists and assistants, with eventual incorporation into the curriculum of both the Dental Assisting and Dental Hygiene programs. Faculty to student ratios and cost per student are expected to mirror those of other

										PFT	PPT	NP
<p>dental coursework. This year, the ADA accreditation increased the faculty/student ratio to 1:5 from 1:6. This request funds curriculum development and additional courses required under the new accreditation requirements of 1:5.</p> <p>UAA Ultrasound Faculty (GF: \$92.0, NGF: \$20.0) In February 2008 the Advisory Committee for the Medical Imaging Sciences Program met and discussed the need for an ultrasound program within the state. Currently, there is a 19% vacancy rate in Alaska for ultrasonographers, which is expected to increase over the next decade. The demand in hospitals alone throughout the state in 2007 stood at 26% with an average vacancy rate of 3-4 years. This on-campus program would encompass three semesters using the cohort model. Credit hour requirements would range from 33-40 for a Certificate in General Sonography. Pre-requisites would be 6-9 of these credits, depending on student experience. This additional funding will allow for a 10 or 12 to 1 student ratio.</p>												
U of A K-12 Outreach

1004 Gen Fund		304.3										
1048 Univ Rcpt		60.0										
<p>The Increment category K-12 Outreach includes the following items for Anchorage Campus:</p> <p>UAA Engineering Bridging Activities/Summer Camps (GF: \$150.0, NGF: \$40.0) Notwithstanding the recent 20% per year enrollment growth in the School of Engineering at UAA, many Alaskan high school students either do not avail themselves of the opportunity to prepare for the demands of engineering programs, or are unaware of the excellent programs available at UAA and UAF. A number of the School's faculty, although involved in high school outreach activities as part of the service workload, would gladly ramp up their efforts, both during the school year and in the summer. The funding of summer engineering camps and other similar programs in Anchorage would undoubtedly net large numbers of new students to fill the existing programs at both campuses, particularly in Geomatics. Summer bridging programs improve retention and overall success, as demonstrated by ANSEP's successes.</p> <p>UAA Alaska Native Science and Engineering Program (ANSEP) (GF: \$154.3, NGF: \$20.0) This funding will institutionalize the ANSEP Pre-College component, nationally recognized as a suite of proven academic activities that motivate high school students to complete the challenging science and math coursework necessary for success in University engineering and science BS degree programs. ANSEP Pre-College is a UAA based program that currently works with students from 50+ high schools around the state with graduates enrolling at UAA, UAF, and UAS. Funding will provide for salary and benefits for two ANSEP Regional Directors' travel to rural communities, distance tutoring equipment, tutoring support, and academic enrichment activities.</p>

The Behavioral Health Alliance (BHA) includes all behavioral health programs within the University of Alaska system. The BHA was formed as a result of the efforts of the Behavioral Health Initiative. The primary goal of the BHA is to engage in coordinated academic planning for behavioral health programs across the UA statewide network in order to meet the growing demand for a more skilled and knowledgeable behavioral health workforce. To accomplish this goal, the BHA engages in a number of activities including collaborating with key behavioral health providers to assess workforce educational needs; providing opportunities for faculty to enhance their teaching skills and expand expertise in the behavioral health field; seeking external funding for behavioral health training activities; disseminating UA Behavioral Health Alliance activities and accomplishments through the BHA web site and conference presentations; and improving the distance-delivery capacity of UA's behavioral health disciplines.

MH Trust: Benef Projects - Partners in policymaking

1092 MHTAAR	IncOTI	200.0	0.0	0.0	0.0	0.0	0.0	0.0	200.0	0	0	0
-------------	--------	-------	-----	-----	-----	-----	-----	-----	-------	---	---	---

Partners in Policymaking is a leadership and advocacy training program for individuals with disabilities and family members. The goals of the project are to:

1. increase the numbers of individuals and family members who participate in local, state, and national advocacy activities;
2. support emerging leaders;
3. create a pool of mentors to offer peer support to other individuals with disabilities and family members; and
4. provide access to information related to advocacy and disability issues.

Based loosely on the national model and supplemented with resources and strategies specific to the unique needs of our state, the Alaska Partners in Policymaking Project blends training, opportunities to apply skills learned, mentorship, and ongoing support to achieve project goals. Training is offered via distance delivery modes to make it accessible to individuals across the state. Each session is supplemented by a three-day institute in Anchorage to promote team building as well as direct instruction, roleplays, and resource identification. Interns are offered a \$2,000 stipend to support project activities, as well as funding for travel expenses to participate in project activities. Once the training is completed, interns become mentors for the next group of interns and continue to apply their skills in local, state, and national advocacy efforts.

In addition to the internships, Partners in Policymaking offers a range of services, resources and support to foster increased participation in the policymaking process by community members. Those services include:

1. Training
 - Community workshops on advocacy issues;
 - Directed training to support self-advocacy activities, both in schools and the community at large;
 - Training for businesses and professional or community groups on disability related topics.
2. Technical Assistance
 - Support for individuals and families with advocacy related to systems navigation;
 - Support for educators wanting to promote self-advocacy and self-determination for students in special education;
 - Assistance for families in advocating special education issues;

										PFT	PPT	

3. Assistance to Trust Beneficiary Groups

Collaboration and assistance will be available to other beneficiary groups (i.e. Friends of Recovery) wanting to develop a PiP-type model to promote increased grassroots advocacy activities. Partners in Policymaking is a proven model that is transferable to all beneficiary groups. This project will provide assistance to other beneficiary boards and groups in how to develop and implement self-advocacy training and share the adaptations made to the national model for Alaska.

4. Information Development and Dissemination

- Quarterly newsletter
- Action alerts
- E-bulletins
- Curriculum development

Alaska Partners in Policymaking also supports People First of Anchorage and Youth Advocates for Community (an affiliate of People First of Anchorage) with training, support, and resources.

MH Trust: Workforce Dev - Grant 1355.03 Vacancy study

	IncOTI	25.0	0.0	0.0	0.0	0.0	0.0	0.0	25.0	0	0	0
1092 MHTAAR		25.0										

The Trust Workforce Development Focus Area, in partnership with the University of Alaska and the Alaska Health Education Center, is investing in an annual vacancy study to determine the extent of vacancies in health care related positions. Using purposive sampling, the study will survey over 300 health organizations, including behavioral health facilities, hospitals, nursing homes, Native Health Corporations, medical clinics, physician's offices, medical laboratories, diagnostic imaging facilities, school districts, dental offices, and the offices of physical, occupational, and speech therapists, representing every geographic region of the state. The data sought for over a hundred key health occupations, including 15 behavioral health providers includes: 1) the number of persons currently employed; 2) the number of current vacancies; 3) if new graduates would be considered to fill vacancies, and 4) how long the vacancies have been open. The vacancy study will be completed annually and used as a tool to evaluate current status of positions and in planning strategies to address the vacancy patterns.

MH Trust: Workforce Dev - Children's mental health (interdisciplinary education) and certification

The Interdisciplinary Education in Children's Mental Health and Early Childhood Mental Health Workforce Development projects have joined forces to bring University of Alaska (UA) faculty together from multiple disciplines and campuses to develop expertise in early childhood and child mental health practice. The UA Behavioral Health Alliance has contracted with faculty from the University of South Florida Graduate Certificate in Children's Mental Health to provide intensive training and consultation for twelve University faculty from psychology, social work, justice, counseling education and early childhood education programs. Participating UA faculty will develop specialty courses and integrate the content into existing academic programs statewide. Six additional community professionals are joining the group who will be in positions to provide in-service and continuing education in the community.

beneficiaries who are victims of crime. Funding will be used to increase victim advocacy services for beneficiaries; increase training collaboration with Alaska Network on Domestic Violence and Sexual Assault, Alaska Native Justice Center, criminal justice, and consumer groups; and collect baseline outcome data. The funding and the project will be managed by the University of Alaska - Anchorage Campus through the Center for Human Development.

This project responds to the needs of beneficiaries who are victims of crime identified in the Disability Justice Focus Area Plan for accessible and appropriate services by building capacity across multiple service delivery systems; and by increasing awareness and knowledge of beneficiaries, family members and service providers to reduce victimization. The Center for Human Development is a member of the Disability Justice Work Group and reports data on the number and type of training and technical assistance activities, training evaluation data, and baseline outcome data.

This project was funded in FY09 with \$225.0 MHTAAR and will be maintained at that level in FY10 with \$225.0 MHTAAR.

MH Trust: Workforce Dev - Grant 1374.02 PhD Student Internships on OISPP

	IncOTI	45.0	0.0	0.0	0.0	0.0	0.0	0.0	45.0	0	0	0
1092 MHTAAR		45.0										

Internships for Ph.D. Clinical Community Psychology students with the State of Alaska Division of Behavioral Health: The Ph.D. Program in Clinical Community Psychology at the University of Alaska, with a rural indigenous emphasis, has been designed to prepare doctoral level practitioner-scientists who join theory, practice, and research to meet behavioral health needs and to improve the well-being of Alaskan people and their communities. During their tenure as a graduate student in the doctoral program all students have the opportunity to work as a graduate research assistant (GRA). The purpose of the research assistantship is to provide the student with an opportunity to be involved in actual applied research within the field and to be mentored by researchers who are involved in the types of applied research that graduates of the program will ultimately do upon completion of the program.

The doctoral program will provide two GRAs who will be placed at the Division of Behavioral Health (DBH) in the Policy and Planning Section, specifically to work with the Outcomes Identification and System Performance Project (OISPP). DBH will provide the setting and opportunity for the work to be conducted in Anchorage. The Alaska Mental Health Trust will provide the funding resources.

The work product of OISPP will be enhanced and strengthened as a result of the human resources provided by the two GRAs. The opportunity to participate as a GRA in the DBH contributes to the training of the doctoral students who will ultimately serve as leaders in the field both as researchers and service providers to the Trust beneficiaries upon graduation.

MH Trust: Workforce Dev - Grant 1384.02 Trust Training Cooperatives

	IncOTI	695.0	0.0	0.0	0.0	0.0	0.0	0.0	695.0	0	0	0
1092 MHTAAR		695.0										

The Trust Workforce Development Focus Area, as one strategy under the Training plan, has created a Trust Training Cooperative to address training needs in the field for providers serving Trust beneficiaries. Trust funding will be used to establish and maintain a Trust Training Cooperative to coordinate and provide training and career development for Alaska's workforce serving Trust beneficiaries in partnership with employers, providers, educational institutions, agencies, and family members in rural and urban areas. This includes but is not limited to development of or enhancing infrastructure, training standards and core competencies, and identifying, coordinating and supporting training for agencies. The Training Cooperative will also institute a Learning Management System to track training for individuals in the field. The development and enhancement of distance learning techniques and technology will be one tool the Training Cooperative will use to achieve its mission.

In FY2009, an appropriation was created to move the Small Business Development Center (SBDC) budget to the operating budget. Previously the SBDC had been funded in the capital budget each year. This transfer takes the funding for SBDC that was included in the Anchorage Campus operating budget which supplemented the capital budget appropriation each year and moves it to the allocation created for the SBDC so that it will be complete and separate. This transfer will ensure that all SBDC activities for the federal match requirements, BuyAlaska and Procurement Technical Assistance program will be isolated in a separate allocation.

UAF Cooperative Extension Service and Energy Outreach (411.6 GF; 1,350.0 NGF)

The request represents funding for faculty positions to provide outreach programs that will promote community development and positive youth development, and that will provide information on conventional and alternative energy sources and energy conservation. These positions will be located in Anchorage, Bethel, and Kenai. In addition, funding for a fourth faculty position is included that will be located in Fairbanks, working in association with the Alaska Center for Energy and Power (ACEP). That individual will act as liaison with communities, to inform ACEP of energy-related problems and local resources, and to transmit information from ACEP to communities. Further, the individual will develop energy related extension materials for use statewide.

Non Personnel Services Fixed Cost Increases cover the following categories:

Athletics Travel (176.4 NGF)

This request provides funding increases for intercollegiate athletic team travel at UAA and UAF to offset airline cost increases. NCAA and conference obligations require UA to send its intercollegiate athletic teams to a fixed number of competitions as well as subsidize partial travel expenses incurred by WCHA member teams traveling to Alaska. In addition, in order to schedule non-conference home contests, UA must offer game guarantees to offset increasing airline costs of visiting teams.

Academic and Research Travel (1,192.6 NGF)

Airline ticket costs have increased 30%. UA has taken the necessary measures to reduce administrative travel, academic and research travel to the extent possible without impacting program requirements. This non-general fund request offsets the remaining airline cost increases necessary to maintain academic and research

program requirements.

Facilities Maintenance and Repair Requirement (656.9 NGF)

UA's annual maintenance and repair is calculated at a minimum 1.5 percent of current building value. Each MAU is asked to annually increase its operating budget dedicated to facilities maintenance, often referred to as M&R, in order to keep pace with its ever increasing building maintenance needs. This request covers the requirement. Starting in FY10, the M&R amount will be budgeted at the allocation (campus level) instead of the MAU level.

Other Fixed Cost Increases (1,563.8 NGF)

The requested funds will be used toward non-discretionary cost increases estimated at 2%, in contractual services and commodities.

U of A Adjusted Base Compliance Mandates

UAF Psychology Clinic (GF: \$174.8, NGF: \$50.0)

The UAF Clinic is the training site and behavioral health research facility for doctoral student clinicians. The Clinic creates a licensure path for both the students and new faculty, which is essential to American Psychological Association accreditation and clinical faculty recruitment. The current Psychology Clinic facility was created in the Gruening Building in 2006 using reallocated funds after the originally planned site, the UAF Student Health and Counseling Center, was eliminated as an option. UAF has no budget to operate the facility. This increment will fund baseline operations and planned growth of the clinic. Within two years, the clinic will function at full capacity as part of a four-year instructional program with double the current number of psychology PhD students and their clients. The psychology clinic also serves 80 graduate students in the UAF M.Ed. Guidance and Counseling program as their first site of practicum clinical training. Because the M.Ed. program has no budget to support this critical need, this increment assists both programs.

U of A K-12 Outreach

	Inc	365.0	195.0	13.0	126.6	20.4	10.0	0.0	0.0	0	0	0

The Increment category K-12 Outreach includes the following items for Fairbanks Campus:

UAF Individual Technology Based Math and Summer Bridge Programs (GF: \$150.0, NGF: \$40.0)

Across the UA system math courses are commonly "gateway" courses negatively impacting student retention and graduation. Providing additional support for expanding innovative instructional methods and faculty development is expected to improve student success. Each institution in the UA system supports innovative approaches to instruction to improve student learning and success. For example, new approaches to success in 100-level math (in addition to improvements to

										PFT	PPT	NP
developmental math) have been implemented in a few classes based on individual technology-based instruction using ALEKS or MyMathLab software. Summer bridge programs help get students better prepared for their initial math class. Many entering students have not taken math in a year or two and need a refresher. Students taking advantage of summer bridge programs have been able to jump a course when starting their fall semester; this improves their progress toward their degree and retention.												
UAF Alaska Summer Research Academy (ASRA) Engineering Components (GF: \$75.0, NGF: \$100.0) Funds are sought to add engineering components to the Alaska Summer Research Academy (ASRA). This budget item seeks to expand a successful bridging and recruitment program based in the sciences to include additional engineering components. Funding will be used to offer engineering sections of interest to young students, involving topics such as energy, environment, transportation, computers, construction and others.

Alaska is at the forefront in using videoconference technology to provide behavioral health services to rural areas. Videoconference technology makes it possible to provide both direct services and clinical supervision from virtually any distance. The technology has many advantages including improved accessibility to services and increased privacy for rural clients, but it also creates new technical and clinical challenges. The Alaska Rural Behavioral Health Training Academy (ARBHTA) has been working to address the technical and clinical aspects of telebehavioral health by providing telebehavioral health trainings for rural behavioral health providers in FY 07 and FY 08. A nationally-recognized expert in telebehavioral health involved in these trainings indicated the telebehavioral work being done in Alaska, as well as the training and training assessment provided by the Academy, is more advanced than telebehavioral health efforts in the rest of the country. Two UAF-UAA Psychology Ph.D. students provided a well-received presentation about the Academy's telebehavioral health training at a national

										PFT	PPT	NP
<p>conference in FY 08. In developing training, the Academy collaborates closely with Alaska agencies involved in providing telebehavioral health services, including API and ANTHC. Agencies have repeatedly asked the Academy to take a lead role in continuing to articulate best practices and providing ongoing telebehavioral health training. The Academy is currently conducting a survey to identify telebehavioral health training needs for behavioral health providers. We are also looking at ways to expand our training capacity by offering distance-delivered trainings to rural behavioral health providers via telebehavioral health technology.</p> <p>The Academy is prepared to take a lead role in identifying best practices in telebehavioral health, providing technical and clinical training in telebehavioral health and clinical supervision, and assessing the effectiveness of the telebehavioral health training we provide. In addition, the Academy will build on our expertise in adult learning and distance education to develop best practices in providing training to rural behavioral health providers.</p> <p>The expected outcomes from the Telebehavioral health project are:</p> <p>Telebehavioral Health Program - 1) Continue to identify, refine and articulate best practices in telebehavioral health; 2) identify needs of rural behavioral health care providers related to telebehavioral health; 3) provide telebehavioral health education and training; 4) assess the effectiveness of the education efforts and modify as needed; and 5) disseminate information about the Telebehavioral Health Program at state and national conferences.</p> <p>Distance education Program - 1) Continue to identify, refine and articulate best practices for distance education for rural behavioral health providers; 2) identify training needs of rural behavioral health providers that can be met with distance education methodologies; 3) provide a variety of new and existing trainings via distance education; 4) assess the effectiveness of the education efforts and modify as needed; and 5) disseminate information about the Distance Education Program at state and national conferences.</p>

<p>Internships for Ph.D. Clinical Community Psychology students with the State of Alaska Division of Behavioral Health: The Ph.D. Program in Clinical Community Psychology at the University of Alaska, with a rural indigenous emphasis, has been designed to prepare doctoral level practitioner-scientists who join theory, practice, and research to meet behavioral health needs and to improve the well-being of Alaskan people and their communities. During their tenure as a graduate student in the doctoral program all students have the opportunity to work as a graduate research assistant (GRA). The purpose of the research assistantship is to provide the student with an opportunity to be involved in actual applied research within the field and to be mentored by researchers who are involved in the types of applied research that graduates of the program will ultimately do upon completion of the program.</p> <p>The doctoral program will provide two GRAs who will be placed at the Division of Behavioral Health (DBH) in the Policy and Planning Section, specifically to work with the Outcomes Identification and System Performance Project (OISPP). DBH will provide the setting and opportunity for the work to be conducted in Fairbanks. The Alaska Mental Health Trust will provide the funding resources.</p> <p>The work product of OISPP will be enhanced and strengthened as a result of the human resources provided by the two GRAs. The opportunity to participate as a GRA in DBH contributes to the training of the doctoral students who will ultimately serve as leaders in the field both as researchers and service providers to the Trust beneficiaries upon graduation.</p>

The University of Alaska Local 6070 (AHECTE) bargaining unit contract which is in effect January 1, 2008 thru December 31, 2010 states as follows:

Change Record Detail - Multiple Scenarios With Descriptions
University of Alaska

Component: Fairbanks Organized Research (750)
RDU: University of Alaska Fairbanks (236)

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	Positions		NP
										PFT	PPT	

"Article 11.7 d. Effective the first full pay period after July 1, 2009 All Bargaining Unit Members shall move to the July 1, 2009 - November 30, 2009 scale at their current classification and step.
e. Effective December 1, 2009, all Bargaining Unit Members shall move to the December 1, 2009 - June 30, 2010 scale at the current classification and step. All Bargaining Unit Members shall advance two (2) steps in their current classification. Bargaining Unit Members at Step 15 shall receive one (1) step to Step 16. Steps 3 and 4 will be removed from the scale."

This increment represents the amount required to fund the salary step increases detailed in the bargaining agreement.

U of A Adjusted Base Non Personal Services Fixed Cost Increases

1048 Univ Rcpt	Inc	941.0	0.0	0.0	851.0	90.0	0.0	0.0	0.0	0	0	0
----------------	-----	-------	-----	-----	-------	------	-----	-----	-----	---	---	---

Other Fixed Cost Increases (941.0 NGF)

The requested funds will be used toward non-discretionary cost increases estimated at 2%, in contractual services and commodities.

U of A Energy and Cooperative Extension Service

1002 Fed Rcpts	Inc	3,018.4	500.0	90.0	2,250.0	98.4	80.0	0.0	0.0	0	0	0
1004 Gen Fund		500.0										
1048 Univ Rcpt		2,118.4										

The Increment category Energy and Cooperative Extension Service includes the following items for Fairbanks Organized Research:

UAF Alaska Center for Energy and Power (500.0 GF; 1,318.4 NGF)

Alaska's world class energy resources -- including oil, gas, and coal -- are the source of much of the state's wealth. In Alaska, we have unique challenges and opportunities associated with developing our energy resources, and the university seeks to fulfill the need for basic and applied energy research at a critical time in our state's history. Alaska's rural communities have reached a crisis level in the escalating cost of energy. Along the Railbelt, traditional fossil fuel based resources used for power generation, such as Cook Inlet natural gas, are in decline. Yet the state consumes 40 percent more fuel per capita than any other state, and more than three times the national per-capita average. New energy research and testing is needed for the short and long term to lower the cost of energy throughout Alaska and develop economic opportunities for the State, its residents, and its industries. This increment is to sustain and build upon the initial investment of the Institute of Northern Engineering in the Alaska Center for Energy and Power (ACEP). It will provide salary for the ACEP Director; a full-time director is needed for the sustainability of the energy program, and to set the course for future energy research both at ACEP and across the university system. Support staff positions will manage grants and contracts and supervise the acquisition, maintenance, and operation of energy research equipment.

UAF Critical Faculty Leaders on Geothermal Technologies and Exploration, Renewable Power, and Alternative Fuels (1,200.0 NGF)

UAF expects \$400k/yr to be administered by ACEP faculty to be housed in institutes across the University. The director of ACEP will have the discretion to negotiate with institute directors to determine where the expertise is needed, for how long, and in what type of faculty position. \$400k/yr is the equivalent to 2.5 full-time faculty positions. UAF will not seek to fill these with "standard" full time faculty, however. UAF attracts top faculty from around the country into visiting and term positions. In this way UAF will remain expert, dynamic, responsive, and timely. The areas of leadership expertise are geothermal technologies and exploration, renewable power (e.g., wind, solar, bio- and hydrokinetic), and alternative fuels.

Remove Unrealizable Non General Fund Budget Authority

UAF Interior Aleutians Campus (IAC) Early College High School Initiative (GF: \$95.7, NGF: \$5.0)
 The purpose of the Early College High School Initiative is to promote a "bold approach, based on the principle that academic rigor, combined with the opportunity to save time and money, is a powerful motivator for students to work hard and meet serious intellectual challenges. Early college high schools blend high school and college in a rigorous yet supportive program, compressing the time it takes to complete a high school diploma and the first two years of college." (www.earlycolleges.org). Housed in IAC, the Early College Program will be offered upon request to other units. The Early College Program has been piloted for two years at the Effie Kokrine Charter School (EKCS) with multiple partners. The majority of classes were culturally infused and courses were offered at TVC and IAC, and some students took courses at the main UAF campus. The EKCS students are doing well and enrollment is up at the charter school. The current funding comes from the Bill & Malinda Gates Foundation through Antioch University. This foundation is funding Early Colleges across the country with start up funds. The initiative targets students who are under-represented in higher education students who have not had access to the academic preparation needed to meet college

Scenario/Change Record Title	Trans Type	Totals	Personal Services	Travel	Services	Commodities	Capital Outlay	Grants, Benefits	Miscellaneous	Positions		NP
										PFT	PPT	
1004 Gen Fund		7.4										
1048 Univ Rcpt		1.9										

The University of Alaska Federation of Teachers (UAFT) collective bargaining agreement which is in effect through June 30, 2010 states, "The University shall provide 1.5% for salary increases for market and/or compression adjustments during the 2007-2008. Academic Year, 1.5% for salary increases for market and/or compression adjustments during the 2008-2009 Academic Year and 1.5% for salary increases for market and/or compression adjustments during the 2009-2010 Academic Year."

This increment is the amount required to fund the market and/or compression adjustments of the UAFT Collective Bargaining Agreement.

U of A Adjusted Base Salary Decrement due to ORP Savings - UAFT

	SalAdj	-10.2	-10.2	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		-8.2										
1048 Univ Rcpt		-2.0										

This decrement is the amount of savings due to the decrease in the FY2010 ORP1 rate for those UAFT members in ORP rather than TRS. ORP1, based on the three year lagging average of TRS will decline slightly from 17.04% in FY09 to 12.56% in FY10.

U of A Reduce FY2009 Bargaining Unit Contract Terms: ACCFT Stipend

	SalAdj	-4.0	-4.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		-4.0										

The University of Alaska requested an amendment to cover the FY09 additional compensation increases necessary under the ratified agreement with Alaska Community Colleges' Federation of Teachers (ACCFT). The contract was still under negotiation when the FY09 budget request was submitted to OMB and was based upon the previous contract terms. The ratified agreement includes a one-time \$800 workforce development stipend per retained ACCFT faculty member.

This decrement reduces the amount funded in FY09 for this one-time stipend.

UAF Rural Human Services Faculty (GF: \$81.7, NGF: \$16.0)

The Rural Human Services (RHS) Program reaches the members of the most remote Alaskan rural communities by educating their natural healers. These healers, or behavioral health aides, return to their homes, saving lives and giving hope during the darkest hours. Elders in their wisdom guide this voyage... a counselor in every village... one village at a time. The program offers a culturally appropriate training program designed for rural human service workers. Skills and trainings are provided in services such as: crisis intervention, suicide prevention, and community development. Counseling in mental health areas such as substance abuse, interpersonal violence, grief, and healing are also offered. The Rural Human Service Program is built on Alaska Native traditional values. A unique aspect of RHS is that it integrates elders into the program designed to honor their gift of wisdom while instructing students in a course blend of Native and Western knowledge, values, and principles. RHS embraces the Alaska Mental Health Board's goal to have at least one trained rural human service provider in each of Alaska's 171 villages. Additional support is needed to meet this goal. The program represents multiple successful partnerships and collaborations in rural Alaska, with faculty from the University of Alaska, representatives from the Alaska Department of Health and Human Services, Alaska Native elders, over twelve Alaska Native Health Corporations and their sub-recipients, rural mental health centers, and various non-profit agencies.

UAF TVC Assistant Professor, Medical Assisting (GF: \$94.3, NGF: \$32.0) UAF Tanana Valley Campus (TVC) is in need of base funding for a tenure-track faculty position in its Allied Health/Medical Assisting Certificate and AAS program. TVC currently has one faculty member who teaches and administers Medical Assisting AAS and Certificate, Healthcare Reimbursement Certificate, and the Medical/Dental Reception Certificate. TVC has been asked to extend the medical assisting program to Bethel, and is in the process of doing so. There is also the opportunity to double the number of local students enrolled and graduating from the medical assisting certificate. However, this will require additional faculty resources for oversight of the program to meet external accreditation standards, and to meet the demands of teaching during the day. If TVC can develop an excellent model for extending Medical Assisting to Rural locations a rotation of the program to other distance sites could be offered. Additional base funding would be used to support program expansion, student advising and teaching.

1004 Gen Fund		451.4										
1048 Univ Rcpt		112.8										

This increment includes salary increases for UA Staff and United Academic Adjuncts.

Non represented staff have a 4.5 percent grid increase applied pursuant to University Regulation and the Board's formal approval of its budget proposal on 10/31/08.

For adjunct faculty members of the AAUP/AFT under the contract in effect January 1, 2008 through December 31, 2011, a 4 percent increase will be applied to the minimum salary ranges for adjuncts which are based upon the total number of semesters taught.

This increment represents the amount required to fund the salary grid increases detailed above.

U of A Adjusted Base Salary Decrement due to ORP Savings - Non Bargaining												
	SalAdj	-31.0	-31.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		-24.8										
1048 Univ Rcpt		-6.2										

This decrement is the amount of savings due to the decrease in the FY2010 ORP1 rate for those Non Bargaining employees in ORP. ORP1, based on the three year lagging average of TRS will decline slightly from 17.04% in FY09 to 12.56% in FY10.

U of A Adjusted Base Salary Increase - UAFT Across The Board Increase

e. Effective December 1, 2009, all Bargaining Unit Members shall move to the December 1, 2009 - June 30, 2010 scale at the current classification and step. All Bargaining Unit Members shall advance two (2) steps in their current classification. Bargaining Unit Members at Step 15 shall receive one (1) step to Step 16. Steps 3 and 4 will be removed from the scale."

This increment represents the amount required to fund the salary step increases detailed in the bargaining agreement.

U of A Adjusted Base Non Personal Services Fixed Cost Increases

1048 Univ Rcpt	Inc	392.5	0.0	100.0	212.5	80.0	0.0	0.0	0.0	0	0	0
----------------	-----	-------	-----	-------	-------	------	-----	-----	-----	---	---	---

Non Personnel Services Fixed Cost Increases cover the following categories:

Academic and Research Travel (99.2 NGF)

Airline ticket costs have increased 30%. UA has taken the necessary measures to reduce administrative travel, academic and research travel to the extent possible without impacting program requirements. This non-general fund request offsets the remaining airline cost increases necessary to maintain academic and research program requirements.

Facilities Maintenance and Repair Requirement (83.4 NGF)

UA's annual maintenance and repair is calculated at a minimum 1.5 percent of current building value. Each MAU is asked to annually increase its operating budget dedicated to facilities maintenance, often referred to as M&R, in order to keep pace with its ever increasing building maintenance needs. This request covers the requirement. Starting in FY10, the M&R amount will be budgeted at the allocation (campus level) instead of the MAU level.

Other Fixed Cost Increases (209.9 NGF)

The requested funds will be used toward non-discretionary cost increases estimated at 2%, in contractual services and commodities.

U of A Adjusted Base Compliance Mandates

1174 UA I/A	Inc	25.0	0.0	0.0	25.0	0.0	0.0	0.0	0.0	0	0	0
-------------	-----	------	-----	-----	------	-----	-----	-----	-----	---	---	---

Risk Management (25.0 NGF)

Additional funding is needed to meet agency mandates and unforeseen incidents affecting Environmental, Health, Safety, and Risk Management. The non-general fund request will support required insurance, risk assessment, and operation increases.

U of A Priority Program Enhancement and Growth-Health-Academic Programs

Academic Programs at Juneau Campus total (GF: \$112.5, NGF: \$21.5, Total: \$134.0) and include the following items:

UAS Career and Health Coordinator (GF: \$80.0, NGF: \$15.0)

With start-up support from the Health Distance Education Partnership (HDEP) Grant, UAS-Juneau was able to hire a Student Success Coordinator (SSC). In FY08 HDEP funds were withdrawn from this position and general funding is being sought for this important career and technical education program staff position.

<p>Juneau's Student Success Coordinator provides advising and program information to students prior to and after enrollment in any regional health occupation program. The SSC offers ongoing assistance to faculty and students with course start up and technological problems; they connect students who need specific academic assistance with appropriate support personnel. Student response has been very positive and is reflected in the significant Health Occupations program growth as measured by health major enrollments over the past five years.</p> <p>UAS Biological Sciences Laboratory Technician (GF: \$32.5, NGF: \$6.5) Funding is sought to expand the Sitka-based Biological Science Lab Technician position. Since its creation (in FY01), the workload has grown substantially. Originally supporting only 1-2 classes, now 5-6 laboratory-based classes are supported each term (A&P, Microbiology and Chemistry). This support is in addition to maintaining security, routine maintenance, and ensuring the safe and proper handling, storage, and labeling of hazardous materials and hazardous waste to include the maintenance of Material Safety Data Sheets.</p>

1004 Gen Fund		175.0										
1048 Univ Rcpt		25.0										
<p>UAS Summer Bridge, Early College Advising and Programs (GF: \$175.0, NGF: \$25) Early College Academic Initiative will attract high school juniors and seniors to UAS while they are still in secondary school, as well as to academically support college freshmen so that they are retained through to graduation. Students will learn study habits and develop workplace skills to prepare them for the workplace and career pathways. This will be accomplished through aggressive promotion of dual credit and the College Connection, as well as building upon the regional success of Tech Prep programs. According to the current literature in enrollment management, advising is a critical component of both recruitment and retention of program students, which is the number one goal for UAS over the next five years. The resources currently dedicated to both recruitment and retention efforts are insufficient and this initiative will provide off-site access to resources generally available at the three UAS campuses and throughout the region.</p>

										PFT	PPT	

The United Academics collective bargaining agreement which is in effect thru December 31, 2010 states:

"In FY10 and FY 11, the market increases will be calculated on the total base payroll of unit members as of March 1, 2009, and 2010 and will be applied to base nine (9) month salaries effective the first full pay period after July 1 of 2009, and 2010. In FY10, the University shall distribute one percent (1%) of the base nine month United Academics salary pool to eligible unit members whose salaries are under their calculated market targets. No unit member shall receive more than \$15,000 total market increase over the term of this collective bargaining agreement."

This increment is the amount required to fund the market increase of the UNAC Collective Bargaining Agreement.

U of A Adjusted Base Salary Decrement due to ORP Savings - UNAC

	SalAdj	-1.7	-1.7	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		-1.0										
1048 Univ Rcpt		-0.7										

This decrement is the amount of savings due to the decrease in the FY2010 ORP1 rate for those UNAC members in ORP rather than TRS. ORP1, based on the three year lagging average of TRS will decline slightly from 17.04% in FY09 to 12.56% in FY10.

U of A Adjusted Base Salary Increase - AHECTE Grid Increase

1004 Gen Fund		1.2										
1048 Univ Rcpt		0.1										

The University of Alaska Local 6070 (AHECTE) bargaining unit contract which is in effect January 1, 2008 thru December 31, 2010 states as follows:

"11.2 Wage Grade Schedule

a. The wage schedules in Appendix A shall be implemented for all members of the bargaining unit who are not on frozen pay, beginning the effective date of this Agreement through December 31, 2010. Grid adjustments shall take effect the first full pay period after the specified date of the grid adjustment."

This increment represents the amount required to fund the salary grid increases detailed in the bargaining agreement.

U of A Adjusted Base Salary Increase - AHECTE Step Increase

	SalAdj	4.8	4.8	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
1004 Gen Fund		4.3										
1048 Univ Rcpt		0.5										

The University of Alaska Local 6070 (AHECTE) bargaining unit contract which is in effect January 1, 2008 thru December 31, 2010 states as follows:

"Article 11.7 d. Effective the first full pay period after July 1, 2009 All Bargaining Unit Members shall move to the July 1, 2009 - November 30, 2009 scale at their current classification and step.

e. Effective December 1, 2009, all Bargaining Unit Members shall move to the December 1, 2009 - June 30, 2010 scale at the current classification and step. All Bargaining Unit Members shall advance two (2) steps in their current classification. Bargaining Unit Members at Step 15 shall receive one (1) step to Step 16. Steps 3 and 4 will be removed from the scale."
