

Agency: Commerce, Community and Economic Development**Grants to Municipalities (AS 37.05.315)****Grant Recipient: Matanuska-Susitna Borough****Project Title:****Project Type:** Equipment and Materials

Matanuska-Susitna Borough - Meadow Lakes Elementary School Library & Technology Upgrade

State Funding Requested: \$7,500**House District: 15 / H**

One-Time Need

Brief Project Description:

School Library/Technology Upgrades

Funding Plan:**Total Cost of Project: \$7,500***There is no other funding needed***Detailed Project Description and Justification:**

Meadow Lakes Elementary is in need of funds to develop the library collection, specifically in the areas of nonfiction where many items are out-of-date. In addition, the library media center is in need of funds to continue developing the mobile computer lab which services every student in the school both in the library media center and the classrooms. This lab provides student access to online resources for both instruction and student learning. These resources include, but are not limited to online subscription literacy sites, online encyclopedias, online databases and educational websites. Technology skills, when paired with information literacy skills, are essential for students to become productive citizens.

Project Timeline:

FY10

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Meadow Lakes Elementary School.

Grant Recipient Contact Information:

Name: Carl Chamblee
 Address: 7362 W. Parks Hwy, #824

March 3, 2009

Dear Representative Neuman:

Meadow Lakes Elementary is in need of funds to develop the library collection, specifically in the areas of nonfiction where many items are out-of-date. In addition, the library media center is in need of funds to continue developing the mobile computer lab which services every student in the school both in the library media center and the classrooms. This lab provides student access to online resources for both instruction and student learning. These resources include, but are not limited to online subscription literacy sites, online encyclopedias, online databases and educational websites. Technology skills, when paired with information literacy skills, are essential for students to become productive citizens.

Thank you for keeping Meadow Lakes in mind for funding.

Respectfully,

Carl Chamblee
Principal
