The Alaska Zoo - Defibrillators & Equipment

State Funding Requested: \$4,800
One-Time Need**House District: 31 / P****Brief Project Description:**

Purchase of three Defibrillators and one Special

Funding Plan:**Total Cost of Project: \$4,800***There is no other funding needed***Detailed Project Description and Justification:**

Description: Purchase of three defibrillators for emergency use throughout the Alaska Zoo, in three separate Safety Stations.

Three Defibrillators = \$4,800

Justification: The Alaska Zoo sees more than 154,000 people through its doors each year. Presently, the Zoo has no defibrillators on the grounds should a patron need one. Since zoo grounds cover 20+ acres and time is of the essence when it comes to using defibrillators, The Alaska Zoo believes having three defibrillators spread throughout the zoo for emergency use would enhance the safety and success rate in defibrillator utilization.

Project Timeline:

Purchase would occur in July 2010 or as soon as funds became available in FY11. Capital Funding will be expended before the end of FY11.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

The Alaska Zoo

Representative Bob Lynn
State Capitol, Room 104
Juneau, Alaska 99801-1182

Dear Representative Lynn,

How are you? I hope the day is treating you well. I must say it looks like spring may come after all – I had my doubts this past couple of weeks when it was so cold.

In reviewing our needs here at the zoo, a few items bubbled to the top immediately, three are public safety and accessibility issues. As we both know so well, heart problems have a way of sneaking up and rapid response is key. We would like to purchase three defibrillators to have on hand at several points throughout the zoo for use in an emergency situation. These run approximately \$1,600.00 per defibrillator for a total of \$4,800.00. We are also interested in obtaining a 4 person electric cart to provide access to the zoo for those that cannot walk the grounds or need some assistance. As our trails are gravel, wheelchairs do not work very well. We anticipate a new cart to run \$12,000.00 delivered. In addition, we need to replace the lighting fixtures on the outside of our present gift shop. There are ten fixtures and the replacement cost adds up to \$1,000.00.

With the new gateway/education complex coming on line this summer, we are in need of tables, chairs and carts for storing these items. We would like to purchase 20 round folding tables, 200 folding chairs and the necessary carts for storing these items. These items delivered total \$15,000.00. For our kitchen: a commercial refrigerator, two gas ranges, an ice machine and a microwave totaling \$5,000.00. The admissions department needs 5 new cash registers and credit card machines that total \$10,000.00. We would like to add near the new admissions kiosk a program-able 1' x 6' LED sign advertising up-coming events. This would run \$5,300.00

All told, these items add up to \$53,100.00 in capital expenditures. They would make a big difference in our ability to provide services to our community and visitors. I so appreciate your interest in the Alaska Zoo. I think it is a great place and I'm glad you do as well.

All the best,

Eileen Floyd

Representative Bob Lynn
State Capitol, Room 104
Juneau, Alaska 99801-1182

Dear Representative Lynn,

I am writing in support of the Alaska Zoo's request for capitol funding for a special needs shuttle and the purchase of defibrillators.

I have worked with the Alaska Zoo for many years providing special access for senior citizens to visit the zoo. In conjunction with the Anchorage Senior Center, O'Malley Golf Course and the Alaska Zoo we provide four days a year where seniors can enjoy unlimited access to the zoo through the use of O'Malley Golf Course carts. These are very popular outings for seniors. If it was possible for the Alaska Zoo to have access to a 4-person shuttle on a daily basis this would provide a whole new level of service to seniors and person with disabilities in our community.

I realize the zoo is also requesting funds to purchase three defibrillators. These instruments are life-saving tools that can be used by laymen and medical specialists alike. As tens of thousands of residents and visitors pass through the zoo's doors each year it makes sense for the Alaska Zoo to be equipped with defibrillators for emergency use.

Thank you for your consideration in this matter.

Sincerely,

Peggy Stout

TERMS AND CONDITIONS

These Terms and Conditions together with this agreement between Buyer and Cardiac Science shall apply to the sale to Buyer of all goods (including AEDs, oxygen, first-aid kits and other goods) and services (including training, consultation, maintenance and other services) purchased hereunder.

- 1. Terms and Conditions.** This Agreement sets forth the sole and entire agreement between the parties regarding the sale of goods and services herein and supersedes any contemporaneous oral agreements between them regarding the same. Any alteration to these terms and conditions shall be effective only if made in writing and signed by authorized representatives of both parties. Facsimile signatures shall be effective to bind either Party to the terms hereof.
- 2. Payment, Price & Acceptance.** All sales are final and payment for products and services are due upon receipt of invoice, unless otherwise specified on the order. All prices are F.O.B. Cardiac Science's designated shipping point. Title and risk of loss shall transfer from Cardiac Science to Buyer at Cardiac Science's designated shipping point. Prices do not include, and Buyer shall pay applicable sales tax unless Buyer provides Cardiac Science with a valid tax exemption certificate. Buyer shall pay all freight, handling and insurance charges for shipments of goods. Upon Buyer's receipt, all goods shall be deemed accepted by Buyer unless Cardiac Science's Order Entry Department is contacted at 1-800-991-5465 within one business day of delivery, specifying the defects or discrepancies in the quality or quantity of goods. All services shall be deemed as accepted upon the performance thereof, unless Buyer provides Cardiac Science notice specifying defects or discrepancies in the quality of such services within one business day of delivery of services.
- 3. Training Services.** When training has been purchased Cardiac Science shall contact Buyer within 5 business days to initiate the scheduling of training classes and Buyer agrees that training classes shall begin no later than 30 days after the date that Buyer receives delivery of the AED equipment. Buyer understands that Federal or State law may require training prior to AED equipment use, and Buyer agrees to meet all applicable requirements for training of personnel and operation of AEDs. The addition of students, classes or rescheduling of any class requires the prior approval of Cardiac Science. If Buyer cancels a scheduled training class within 10 business days, Buyer agrees to pay a 100% cancellation fee. Unused training expires 12 months from purchase.
- 4. Customer Obligations.** Buyer shall immediately notify Cardiac Science's Customer Service Dept. at 1-800-991-5465 in the event of the following: (a) if equipment has been used for an emergency or is in need of service; (b) if the AED indicates, in any manner (either visually or by sound), that the unit requires service. Buyer agrees not to defeat, disable or circumvent any protection mechanism related to the AED device. Buyer agrees to use the AED(s) covered under this agreement in accordance with applicable law, the operating instructions and medical direction outlined in Cardiac Science's AED Response Protocol.
- 5. License.** Cardiac Science hereby grants Buyer a revocable, non-exclusive, non-transferable license to use the products solely in accordance with applicable law and the operating instructions. Buyer may not copy, modify, decompile, disassemble or reverse engineer or create derivative works based upon any Cardiac Science product. Except for the rights expressly granted herein, no right, title or ownership interest in any product or service, including any copyright, patent, trademark, or other intellectual property or proprietary right therein, is conveyed to Buyer, expressly or by implication.

6. Indemnification. Subject to the terms, conditions and limitations herein, Cardiac Science will defend, indemnify and hold harmless Buyer, its employees, directors, officers and shareholders from any and all third party claims ("Claims") arising out of or in connection with (i) the negligence or willful misconduct of Cardiac Science in relation to any goods or services provided by Cardiac Science, and (ii) any infringement or alleged infringement of any third party proprietary intellectual property right arising from the performance of any service by Cardiac Science or relating to any good manufactured by Cardiac Science *provided that*: (a) Buyer promptly notifies Cardiac Science in writing of any claim or threatened claim against Buyer; (b) Buyer permits Cardiac Science to have sole control of the defense, settlement or other handling of such claim or threatened claim; and (c) Buyer provides Cardiac Science with the assistance, information, and authority to perform its obligations hereunder. Indemnification under this Agreement is not available to Buyer: (i) if the AED is modified, used in any manner other than for its intended purpose, used in contravention of the instructions set forth in the AED operating instructions or operated by untrained or unauthorized personnel; (ii) if Buyer does not follow the required maintenance procedures; (iii) for Claims arising from the negligence or other tortious actions of Buyer or its personnel; (iv) for Claims arising from an incident occurring before the date of this Agreement; (v) for Claims arising from any products, or any part thereof, manufactured and produced by Cardiac Science in accordance with Buyer's specifications, or (vi) for Claims due to any combination of Cardiac Science products with equipment, software or other items not supplied by Cardiac Science. In addition, Cardiac Science will not be obligated to indemnify Buyer under this Agreement if the patient is successfully defibrillated through the use of the AED.

7. Buyer will defend, indemnify and hold harmless Cardiac Science, its employees, directors, officers and shareholders from any and all Claims arising out of or in connection with (i) the negligence or willful misconduct of Buyer in relation to any goods or services provided by Cardiac Science or (ii) Buyer's breach of the terms and conditions of this Agreement.

8. LIMITATION OF LIABILITY. TO THE MAXIMUM EXTENT ALLOWABLE UNDER APPLICABLE LAW, (I) CARDIAC SCIENCE SHALL NOT BE LIABLE TO BUYER FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES (INCLUDING BUT NOT LIMITED TO LOST OF PROFITS, BUSINESS AND REVENUE) SUSTAINED OR INCURRED IN CONNECTION WITH THE AGREEMENT AND THE PRODUCTS AND SERVICES THAT ARE SUBJECT TO THE AGREEMENT, REGARDLESS OF THE FORM OF ACTION AND WHETHER OR NOT SUCH DAMAGES ARE FORESEEABLE, AND (II) CARDIAC SCIENCE'S TOTAL LIABILITY UNDER THIS AGREEMENT SHALL BE LIMITED TO THE PURCHASE PRICE PAID BY BUYER HEREUNDER. SOME JURISDICTIONS RESTRICT LIMITATIONS OF LIABILITY, SO THE LIMITATIONS IN THIS PARAGRAPH MAY NOT APPLY TO YOU.

BY SIGNING THIS AGREEMENT, CUSTOMER REPRESENTS THAT THEY ARE AUTHORIZED TO PURCHASE AND AGREES TO CARDIAC SCIENCE TERMS & CONDITIONS. AEDs are intended for use by or on order of a physician or persons licensed by state law.

I HAVE READ AND AGREE TO CARDIAC SCIENCE'S TERMS AND CONDITIONS.

March 4, 2008

Honorable Bob Lynn, Member
Alaska House of Representatives
Alaska State Capitol, Room 104
Juneau, Alaska 99801-1182

Dear Representative Lynn:

I am writing in support of the Alaska Zoo's request for three defibrillators and a special needs transport vehicle. As you know the Alaska Zoo is a popular destination for both residents and tourists alike. Many of the zoo visitors are senior citizens who could benefit from having these items available at the Alaska Zoo.

The use of defibrillators (AED's) in saving lives is well documented. As time is of the essence in such situations and the Alaska Zoo is spread out over 20 acres, we support the zoo's request to purchase three defibrillators to be strategically placed on zoo grounds for emergency use.

A four-person shuttle at the Alaska Zoo would provide small group access to persons needing assistance to visit the zoo on a permanent basis. The trails at the zoo are gravel and are not easily accessible by wheelchair. A four-person shuttle would allow visitors complete access to the zoo.

You may already be aware that twice a year the Anchorage AARP Sourdough Chapter offers rides for homebound and disabled folks who are unable to walk through the zoo, utilizing borrowed golf carts. This program has grown in popularity and draws more participants each year. It is very obvious that many of the riders are quite frail and have serious health conditions. When we heard about the zoo's request for this equipment that would make the service a permanent part of the zoo's outreach, it certainly made sense to the Sourdough Chapter members, many of whom serve as volunteer drivers. Chuck Lyons, President of the Sourdough Chapter can let you know about the upcoming trip to the zoo; it would certainly be an honor if you would consider being the first VIP driver.

Thank you for your consideration.

Sincerely,

Marie Darlin
