State Funds	\$30,000	2009				
Total	\$30,000					

Detailed Project Description and Justification:

This would provide for the purchase of new emergency equipment to accommodate new needs and replace worn equipment as well as funding the maintenance of structures, facilities, and equipment. A growing population means equipment is used more and experiences accelerated wear and tear and that equipment failures become more problematic. This will help ensure that there are ready and capable emergency services available to residents and visitors.
