Primary Senate District: M **Secondary Senate District(s):**

Project Description

Principal's Priority 1

Willow Crest Library Update: In addition to the print collection, our students need to know how to access information in the electronic formats. ASD currently subscribes to five online resources as well as maintains the entire district's online catalog. In order to teach the skills necessary for our future digital citizens interactively, this proposal includes the purchase of smartboards and a classroom set of clickers.

Benefits if Project is Funded

The projector allows for large group demonstrations on the use of databases and other electronic formats; the implementation of a smartboards remote clickers will modify the lesson to be more student centered. Remote clickers permit all students to participate by responding electronically to specific questions.

Impacts if Project is not Funded

The impact of not having this project funded means that we will continue to use our out-of-date books.

of Students impacted by project 400

Project Start Year 2011

Project Finish Year 2011

Project has matching funds available No

Project has prior state funding available No

Project has federal funding available No
