Project Description

Principal's Priority 2

Willow Crest Library Media Update: The average library book at Willow Crest is @1989. Books in the areas of reference, nonfiction, fiction, and "everybody" are especially outdated, tattered, and not representative of the changes and the world, state, and community in the last couple of decades. The library has little technology to support the literature it has or to assist students in accessing current media sources.

Benefits if Project is Funded

The average book at Willow Crest is 20 years old. An updated library benefits the students and families by supporting the school's academic goals.

Impacts if Project is not Funded

The impact of not having this project funded means that we will continue to use our out-of-date books.
