

Agency: Commerce, Community and Economic Development**Grants to Municipalities (AS 37.05.315)****Grant Recipient: Northwest Arctic Borough****Project Title:****Project Type: Equipment and Materials**

Northwest Arctic Borough - Shungnak Playground Equipment

State Funding Requested: \$65,000**House District: 40 / T**

One-Time Need

Brief Project Description:

The city of Shungnak currently has no recreation area or equipment for the children in the community. The funding would be used to purchase playground equipment.

Funding Plan:**Total Cost of Project: \$65,000***There is no other funding needed***Detailed Project Description and Justification:**

The city of Shungnak has no recreation or play area for the children in the community. Currently the children play in the streets sharing the road with cars, ATV's and heavy equipment or in open areas with whatever makeshift items they can find. Often times the areas they are playing in are unsafe and are a health risk such as abandoned property or around the dump or sewage lagoon. Additionally, the materials they are using to create play equipment with can be dangerous and unhealthy like items found at the dump. A playground would provide a safe area for the children to play with appropriate equipment that is safe, clean, and age appropriate. The playground equipment will also provide an incentive for children to attend school and actively participate so that they can play on the equipment during break time. The playground equipment is a much needed item in the community and addresses a safety issue.

Project Timeline:

Equipment would be purchased in the spring and arrive in the summer. Playground would be ready for use in the fall.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

City of Shungnak and Northwest Arctic Borough

Grant Recipient Contact Information:

Name: Glenn Skin
 Address: Box 1110
 Kotzebue, AK 99752
 Phone Number: 442-2500
 Email: gd_skin@hotmail.com

Has this project been through a public review process at the local level and is it a community priority? Yes No

TERMS AND CONDITIONS

All quotes are subject to material and fuel surcharges.

QUOTE CONDITIONS AND ACCEPTANCE: *This quote is valid for 30 days*, for receipt of equipment no later than 90 days following order placement. Orders placed or requested for delivery after these dates are subject to price increase. It is Buyer's responsibility to verify quantities and description of items quoted. Acceptance of this proposal indicates your agreement to the stated terms and conditions.

EXCLUSIONS: Unless specified above, this quote excludes all site work and landscaping; removal of existing equipment; receiving inventory or equipment; unloading; storage of equipment; required permits; equipment assembly and installation; safety surfacing; borders or drainage requirements.

PAYMENT TERMS: 50% due at time of order with balance due on delivery. Unpaid balances may incur interest at an annual rate of 18%.

FREIGHT AND DELIVERY: Delivery is currently 5+ weeks after order submittal. Unless otherwise noted, all equipment is delivered unassembled. Unloading, inventory, inspection and storage are the responsibility of the Buyer. Buyer shall check the items against the delivery receipt provided by the driver. Shortages or damages not noted on the delivery receipt shall be the Buyer's responsibility. Freight damages/shortages must be reported to Northwest Playground Equipment within 10 days and concealed shortages within 90 days.

RESTOCKING: Items canceled, returned or refused will be subject to a minimum 25% restocking fee. All freight charges are the responsibility of Buyer.

Acceptance of Proposal:

The above items, prices and conditions are satisfactory and are hereby accepted.

Compliance Listing

This custom play structure, drawing number IHD-127-08B, has been designed to meet the requirements of the ASTM F1487-07 standard. In the interest of playground safety, IPEMA provides a Third Party Certification Service whereby a designated independent laboratory validates a participant's certification of conformance to ASTM F1487-07, except section 12.6.1. In addition to the overall layout and design of this playstructure, the play components listed here in are IPEMA certified and as of Monday, September 29, 2008, and listed as IPEMA Certified Product on the IPEMA website, www.ipema.org. Check the IPEMA website to confirm current product validation. Products listed as Not Applicable do not fall within the scope of the ASTM F1487-07 standard and therefore they have not been tested to the standard.

This custom structure, drawing number IHD-127-08B, has been designed to meet the general safety requirements of EN1176:1998. These requirements have been established with the consideration of the risk factor on available data. The items listed below as certified have been reviewed and approved by a third party certification service. This listing was last verified on Monday, September 29, 2008. In addition to the product listed below the overall layout and design of this structure, as shown in the plan, was completed in accordance with the general safety requirements of EN1176:1998.
