# Pelican - Seaplane Ramp

**State Funding Requested: \$50,000**  
One-Time Need

**House District: 2 / A**

**Brief Project Description:**

Funding for design and construction of seaplane float and ramp for overnight mooring in Pelican.

**Funding Plan:**

**Total Cost of Project: \$500,000**

	<u>Funding Secured</u>		<u>Other Pending Requests</u>		<u>Anticipated Future Need</u>	
	<i>Amount</i>	<i>FY</i>	<i>Amount</i>	<i>FY</i>	<i>Amount</i>	<i>FY</i>
Federal Funds					\$450,000	
State Funds					\$50,000	
<b>Total</b>					<b>\$500,000</b>	

*Explanation of Other Funds:*  
FAA Federal Funds can be tapped into, need a 25% match.

**Detailed Project Description and Justification:**

Project is funding for design and construction of seaplane float and ramp for overnight mooring in Pelican. Pelican lacks an airport runway, and Seaplane service is the only air transportation in and out of the community. This project will build a dock where a seaplane can pull out for overnight mooring. While seaplane service is available in the community, the plane cannot currently ramp out during snow or stormy weather. As more and more seaplanes are transiting Pelican and having facilities to meet this need is critical. The project is an important piece of transportation infrastructure that will improve Pelican's economy and leverage federal funds through the FAA for continued development.
