Local Funds	\$25,000	10			\$25,000	
Total	\$25,000				\$30,000	

Detailed Project Description and Justification:

Funding to renovate the City of Port Alexander's Bear Hall. Bear Hall houses the City Office, Community Library, Internet Cafe, and emergency medical equipment. It also the Public Meeting facility and is used by youth groups for fund-raising and entertainment.

Bear Hall was built in the 1930's, and the City has maintained and modified it as needed. However it is now in need of major renovation and modernization, including new wiring and roofing as well as interior remodeling for better function and aesthetics.

The City plans to accomplish this renovation in stages, in order of priority and funding. Easy access to our medical supplies and equipment is imperative for the health and safety of this community, as we do not currently have a separate health facility, and rely solely on local volunteer EMS providers. Our media equipment goes hand in hand with training for volunteer EMS programs, as well as our volunteer fire department, in addition to providing a healthy and safe centralized gathering place for community and particularly youth activities.

Project Timeline:

The City has budgeted \$25,000.00 for FY10, and would hope to accomplish this portion (EMS/Media Housing) by the end of 2010.
