Detailed Project Description and Justification:

Funding for maintenance to Pelican's city hall and public safety building. These facilities are central to the community but need structural maintenance and renovations to make them more energy efficient. Pelican's City Hall is an original town structure dating to the 1940s. The facility is in need of roof repairs/replacement. Pelican's public safety facility serves as the offices for the community's VPSO and harbormaster. The facility is supported by pilings that are exhibiting signs of rot and undermine the structure's integrity. The project will secure these two facilities are able to serve Pelican, and assist the community in their continued development.
