Project Type: Equipment and Materials

Anchorage - SAVE High School Multimedia Computer Lab

State Funding Requested: $34,000

House District: 24 / L

One-Time Need

Brief Project Description:

Purchase of computers for the Fast ForWord Reading Program and to support multimedia class at SAVE High School

Funding Plan:

Total Cost of Project: $34,000

There is no other funding needed

Detailed Project Description and Justification:

SAVE High School is a credit recovery program where 11th and 12th grade students can earn academic and vocational credit to earn their high school credit and become better prepared for post secondary options including vocational programs and college. SAVE is requesting designated computers for students to improve their reading skills through the Fast ForWord Reading Program. In addition, these computers would be used to support a multimedia class for students interested in increasing their knowledge of technology and computer literacy as required in today's world. The multimedia proposal includes video and still cameras for the multimedia class as well as our first smart board to support this program.
