Re: Capital Appropriation Request

Dear Senator Kookesh;

Hoonah residents, and the city of Hoonah are rightfully proud of our Senior Center because are real part of its success. The Center acts as a community center in many ways with people of all ages claiming it as their own. While the Center does substantial fundraising, Southeast Senior Services works hard to maintain resources, the City grant funds to pay for food, and donations from individuals come in on regular basis; none of that buys new appliances.

We have a huge need to replace aged equipment that has been put off for year's .Specifically we need for new refrigerator, a freezer, a dish washer and tables for our dining room. The estimated cost of which is \$ 18,000 to purchase commercial grade Appliances that meet DEC code for sanitation. The total cost includes barging and installation of the equipment.

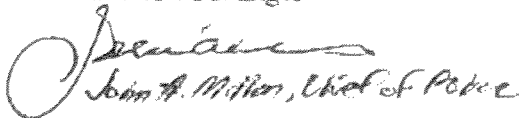

I know you will do your best for the resident of Hoonah and our frail elders who depend on us for their meals, rides social well being.

Thank you for your support.

Sincerely,

Tina Martin
