Newhalen Tribal Council - Fire Truck Purchase

State Funding Requested: \$120,000**House District: 36 / R**

One-Time Need

Brief Project Description:

The village of Newhalen would like to purchase a fire truck to address the safety needs of our community.

Funding Plan:**Total Cost of Project: \$120,000***There is no other funding needed**Explanation of Other Funds:**We are still looking for additional funds and will contact other agencies for different quotes for a fire truck.***Detailed Project Description and Justification:**

Newhalen has a population of 186 people. We would like to purchase a fire truck this summer so we can send the truck over on the barge from Homer. Newhalen currently does not have a fire truck, but we do have a small Code Red pull wagon. We are very concerned if there is a fire here in Newhalen that we have no control of extinguishing it.

Project Timeline:

March to June 2010 - Search for a fire truck

July - Sept 2010 - Drive to Homer to barge to Iliamna

Fire Truck Cost - \$110,000

Barge Freight Cost - \$10,000

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Newhalen Tribal Council
