Anchorage - Gladys Wood Elementary School Lunchroom Tables

State Funding Requested: \$15,000**House District:** 27 / N

One-Time Need

Brief Project Description:

This would replace the current lunch tables which are old and broken

Funding Plan:**Total Cost of Project:** \$15,000*There is no other funding needed***Detailed Project Description and Justification:**

The lunch room tables at Gladys Wood are old and broken. They will be replaced with new, round tables (instead of the old long table with benches arrangement) in order to foster a greater sense of community among the students. These new tables will also help school officials with discipline as the tables currently in use are over crowded. The multi purpose room, where the lunch tables are located, is the only place that is large enough to host big groups of students for activities, parents and kids for dinners and activity nights and groups of teachers and staff for professional development.
