

State of Alaska FY2011 Governor's Operating Budget

Department of Environmental Conservation Water Results Delivery Unit Budget Summary

Water Results Delivery Unit

Contribution to Department's Mission

Protect water quality and assist communities in improving sanitation conditions.

Core Services

- Provide grants, loans and engineering assistance for drinking water, sewerage, and solid waste facilities.
- Improve water quality conditions where they are below public health or environmental standards.
- Issue wastewater discharge permits to facilities and operations that release potentially harmful pollutants.
- Ensure facility compliance with permit conditions.
- Provide community assistance with the protection of water quality.
- Develop user friendly public access to water quality data.
- Provide training programs for and certification of water and sewerage system operators.
- Provide over-the-shoulder and emergency assistance to system operators in remote communities.

Major Activities to Advance Strategies

- | | |
|---|---|
| <ul style="list-style-type: none"> • Identify Best Management Practices (BMPs) addressing all types of non-point source pollution. • Ensure water quality standards to protect all uses of Alaska's fresh and marine waters. • Monitor water quality and report on the health of Alaska's waters. • Enforce the State's wastewater discharge standards through the review of cruise vessel monitoring reports and conduct independent DEC sampling. | <ul style="list-style-type: none"> • Conduct inspections and follow up with facility operators to correct noncompliance or take enforcement actions. • Administer grants and loans. • Provide engineering and technical assistance to communities. • Train water and wastewater facility operators. |
