

State of Alaska FY2011 Governor's Operating Budget

Department of Fish and Game Hunter Education Public Shooting Ranges Component Budget Summary

Component: Hunter Education Public Shooting Ranges

Contribution to Department's Mission

Hunter education, shooting opportunities, and firearm safety promotion from venues in Anchorage, Fairbanks, and Juneau.

Core Services

- Rabbit Creek Shooting Park, Anchorage. This outdoor facility adjacent to Potter Marsh is open five days per week except for December. The facility provides hunters, recreational shooters, and competitive league shooting enthusiasts with ranges for the following: rifle, handgun, 22 rimfire, archery, and shotgun (non-toxic) clay target shooting - 5-stand.
- Fairbanks Hunter Education Indoor Shooting Range - This indoor facility at 1501 College Road is open five days per week, primarily during the late summer to early spring. The facility provides hunters, recreational shooters, and competitive league shooting enthusiasts with the following: 50-foot Live-Fire Range with ten Shooting Lanes, Electronic Range/Shooting Simulation System, Hunter Education and Bow Hunter Education classes.
- Juneau Hunter Education Indoor Shooting Range - This indoor facility at 5670 Montana Creek Road in Juneau, is open five days per week, primarily during the late summer to early spring. The facility provides hunters, recreational shooters, and competitive league shooting enthusiasts with ranges for the following: 50-foot Live-Fire Range with seven Shooting Lanes, Hunter Education and Bowhunter Education classes.

Key Component Challenges

The primary purpose for the Hunter Education Public Shooting Ranges is to support the division's courses for hunter education for youth and adults. This purpose provided the basis to use federal Pittman-Robertson Wildlife Restoration funds dedicated to Hunter Education for the original capital construction in both 1996 and 2000 for the Fairbanks and Juneau facilities, respectively. Hunting license fee funds were required to match the federal funds. The secondary purpose for construction was to provide for shooting range and firearm safety opportunities for the public.

The division's Hunter Information and Training (HIT) program develops the hunter education curriculum and coordinates course delivery statewide. HIT was not designed or expected to be self-supporting. A fee is charged for hunter education course materials, but nothing is collected to support volunteer instructors or the division's coordinating staff. Federal funds for hunter education and the required match from the Fish and Game Fund provide the basis for the division's coordinating staff for HIT. These grant funds are received on a yearly basis.

The HIT program and the Shooting Ranges are separate operations within the division and budgeted in separate components (HIT is funded within the Wildlife Conservation component). They work very closely to ensure coordination for hunter education classes. The operation of the three shooting ranges was not intended and is not expected by division management to be self-sufficient on the fees charged to the users of the shooting ranges, both indoor and outdoor. Experience around the country confirms that such venues must receive general support from the agency in order to operate.

Significant Changes in Results to be Delivered in FY2011

No change in service delivery is expected for FY11.

Major Component Accomplishments in 2009

The shooting facilities aim to support hunter education and firearms safety in their respective communities. Specific services for the public hosted by each facility during FY2009 are listed.

Revenues into the Fish and Game Fund are derived from the sale of hunting and trapping licenses, special permits, tags, shooting range patron fees, sanctuary access permits, educational publications, and waterfowl stamps and limited edition prints to residents of Alaska and non-residents. A revolving balance remains in the fund for legislative appropriation. Diversion of licensing revenue is prohibited under AS. 16.05.130. Fish and Game Funds are to be used for the protection, propagation, and restoration of sport fish and game resources and for the cost of administering the sport fish and wildlife conservation divisions. This component will have the authority to expend the appropriated value from the Fish and Game Fund in FY11.

All receipts are dedicated except Sanctuary Access Permit Fees, Waterfowl Conservation Limited Edition Prints, and education publications and videos.
