Additional Information / Prior Funding History:

FY2010 - \$1,560,000.

Project Description/Justification:

This project will provide functional and aesthetic improvements to Noble Street and update the storm drain system. The roadway has deteriorated pavement, aging storm drain components, lack of sidewalks in some areas, and existing sidewalks that do not meet Americans with Disabilities Act standards. This project is part of a comprehensive plan to revitalize the Fairbanks downtown area. The transportation elements focus on improved vehicle and pedestrian circulation.
