Project Description/Justification:

Improving this segment of the Sterling Highway is not complicated and can be achieved in a short timeframe. The addition of passing lanes will alleviate a lot of driver frustration for those traveling through Cooper Landing (MP 45 to 60), and will improve travel time on the Kenai Peninsula. The project will construct shoulders, which will provide minimum safe refuge for disabled vehicles, pedestrians and bicyclists.

Operating and Maintenance costs are expected to increase by approximately \$182,000 per year beginning in FY2014.
