Additional Information / Prior Funding History:

FY2008 - \$600,000 Stage 1

Project Description/Justification:

The Deadhorse Airport Master Plan was completed in 1987. There have been many changes in and around the airport including several significant construction projects; new Airport Rescue and Fire Fighting Facility, Snow Removal Equipment Building, apron and Runway Safety Area expansion, and taxiway improvements. There is also increased demand of lease lots and apron space due to oil field activity. This project will complete the work begun under the Stage 1 grant.
