

Manley Hot Springs Shop/Snow Removal Equipment Building (SREB)

FY2011 Request: \$900,000
Reference No: 48754

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Manley Hot Springs

Contact: Frank Richards

House District: Interior Villages (HD 6)

Contact Phone: (907)465-3900

Estimated Project Dates: 07/01/2010 - 06/30/2015

Appropriation: Highways and Facilities

Brief Summary and Statement of Need:

Construct a maintenance shop addition to the Manley Airport snow removal equipment building. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

None.

Project Description/Justification:

The current rented shop is inadequate and inefficient. This project would expand the federally funded, planned 40 'x 50' building to 50' x 100' and consolidate the Elliott Highway equipment under one roof in a new energy efficient building. This will eliminate the need for the Department to lease a substandard and inefficient building for highway equipment.
