**Appropriation:** Congressional High Priority Community Projects

**Brief Summary and Statement of Need:**

This is a new FY11 capital request for a congressional high priority project requested by the Mat-Su Borough (MSB). Funds will be used for reconnaissance engineering studies on the following arterials within the MSB: Seldon Road upgrade, Seldon Road extension (west of Church Road), Seward Meridian Parkway extension south (with bridge), Hermaon Road extension, and Vine Road upgrade. This project contributes to the Department's Mission by reducing the potential for injuries, fatalities and property damage and by improving the mobility of people and goods.

**Project Description/Justification:**

The Mat-Su Borough (MSB) has experienced high rates of growth, with a 36% increase in population between 2000 and 2007. This growth has outpaced the development of and improvements to the arterial and collector system. The roads listed above are all functionally classified as arterials in the Borough's 2007 Long Range Transportation Plan. They are all projects listed in the 2008 MSB Road Bond Package. This reconnaissance effort will result in well defined project scopes and cost estimates, and will help establish funding priorities.
