Kodiak Island Borough - Emergency School Generators

State Funding Requested: \$2,564,800**House District: 36 / R**

Future Funding May Be Requested

Brief Project Description:

Provide generators in school facilities that serve as emergency shelters

Funding Plan:

Total Project Cost:	\$3,206,000
Funding Already Secured:	(\$0)
FY2012 State Funding Request:	<u>(\$2,564,800)</u>
Project Deficit:	\$641,200

Detailed Project Description and Justification:

Many of our in-town and village school facilities act as emergency shelters during extreme weather events or during times of natural or economic catastrophes. We have identified and prioritized the need to equip the following schools with emergency generators:

East Elementary School \$780,000
 Kodiak High School \$466,000
 Old Harbor village school \$1,007,000
 Karluk village school \$33,000
 Port Lions village school \$920,000

Equipping these facilities with emergency generators will provide power for sheltering needs and back-up power during short term loss of electricity. These generators will be housed permanently at the school facilities and become part of the building. Located at these sites, they can be tested, operated and maintained as part of the service to the overall school building.

Project Timeline:

Design and installation will occur on a priority basis as funding becomes available.

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Kodiak Island Borough

Grant Recipient Contact Information:

Name:	Rick Gifford
Title:	Manager
Address:	710 Mill Bay Road Kodiak, Alaska 99615
Phone Number:	(907)486-9302
