Funding Already Secured:	(\$0)
FY2012 State Funding Request:	<u>(\$85,000)</u>
Project Deficit:	\$0

#### Funding Details:

Dot Lake has used \$50,000 of its U.S. EPA IGAP funding to upgrade it landfill and install burn boxes throughout the village.

### Detailed Project Description and Justification:

The Dot Lake Traditional Council is working to clean-up the village with use of its U.S. EPA IGAP funding by undertaking the following actions:

1. Installation of landfill fencing.
2. Collection,removal and dismantling of forty abandoned vehicles.
3. Installation of "Burn Boxes" at the landfill for household trash.
4. Start-up of a recycling program.
5. Spring and fall clean-ups.
6. Establishing areas, with signage, within the landfill for vehicles, old appliances, scpe metals and recyclable items.

At issue is that the village does not have a decent machine to move garbage, lift the the burn boxes and spread cover materials over deposit garbage at the landfill. Dot Lake Traditional Council respectfully requests a CIP in the amount of \$85,000 for the purpose of a medium-sized front-edn loader to maintain the village's landfill.

### Project Timeline:

If this CIP is approved, the Council will procure the front-end loader summer, 2011.

### Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Dot Lake Traditional Council will be responsible for O&M expenses.
