Amount of Funding Requested \$50,000.00

Total Funding to complete project \$50,000.00

Primary House District: 27 **Secondary House District(s):**

Primary Senate District: N **Secondary Senate District(s):**

Project Description

Principal's Priority 1

Sand Lake Elementary and the surrounding community have maintained an ice rink for many years. The rink is used for classes by the school as well as by the surrounding community. Community Schools and local community members built the rink collaboratively. The rink now needs to be renovated. We request, therefore, a grant to pave the ice surface and repair the boards.

Benefits if Project is Funded

Renovating the rink will provide a safe place for students and the community to learn and proactive an important outdoor activity in a winter state. The Physical Education Program here at Sand Lake will benefit from the ability to increase outdoor sporting education. The community will benefit from safe, local opportunities for activity.

Impacts if Project is not Funded

of Students impacted by project 712

Project Start Year 2011

Project Finish Year 2012

Project has matching funds available No

Project has prior state funding available No

Project has federal funding available No
