Has this project been through a public review process at the local level and is it a community priority? Yes No

Location Willow Crest Elementary School

Project Title: Upgrade Instrument & Instruction in Music and Physical Education

Amount of Funding Requested \$7,400.00

Total Funding to complete project \$7,400.00

Primary House District: 25 **Secondary House District(s):**

Primary Senate District: M **Secondary Senate District(s):**

Project Description **Principal's Priority** 3

Willow Crest would like to enhance our instruction in Music and Physical Education. We utilize a portable classroom and a cafeteria for PE classes and need mats (10 folding, 3 stage) to protect students from equipment in these rooms. Due to the space in the portable, we would like to use Wii Fit mats to enable students to gain the most physical activity in their PE time. Our Music program would like to add additional instruments (Metallophone and Diatonic Xylophone) to the classroom.

Benefits if Project is Funded

The mats for Physical Education will allow students to be safe in their alternate PE environments during class time, as they will cover equipment housed in the rooms. These mats can be used for gymnastic activities as well. With PE having to be in small spaces, the students are limited in their opportunities to maximize their exercise. The Wii Fit mats and use of the Wii program will enable them to get the cardio exercise so important in PE classes. The musical instruments will enhance the experience in music, by allowing students to play instruments and sounds never done before.

Impacts if Project is not Funded

of Students impacted by project 418

Project Start Year 2011

Project Finish Year 2011

Project has matching funds are available No

Project has prior state funding available No

Project has federal funding available No

Project has has a public review process Yes **Capital Request Advisory Committee**
