Project Description **Principal's Priority** 1

Upgrade presentation technology throughout the building. This involves installing ceiling mounted projectors and needed throughout the building, largely in the Primary and kindergarten classrooms, art room, music room, and library. Aging technology needs to be replaced where needed throughout the building, primarily in the intermediate and Upper grade classrooms.

Benefits if Project is Funded

The benefit would be that teachers will continue to provide opportunities for students to develop lessons integrating technology across the curriculum. Student learning will be enhanced as students gain more competencies in using technology to research, write, and present their work. Computers are used to provide instructional interventions for students who are not proficient.
