Muldoon Road and Glenn Highway Interchange Study

State Funding Requested: \$1,000,000
One-Time Need**House District:** 19 / J**Brief Project Description:**

A study into possible safety improvements for the congested Muldoon Road/Glenn Highway Interchange
--

Funding Plan:

Total Project Cost:	\$1,000,000
Funding Already Secured:	(\$0)
FY2012 State Funding Request:	<u>(\$1,000,000)</u>
Project Deficit:	\$0

Detailed Project Description and Justification:

The Muldoon Road/Glenn Highway Interchange has become increasingly dangerous and congested with traffic from the new shopping structure at Tikahntu Commons. Semi-trailer trucks servicing the hospital and shopping mall now have to exit the Glenn and cross this to reach their destination. Traffic backs up onto the Highway. Students dart across rather than use the tunnel and traffic off the Glenn makes illegal left turns to reach the shops. A study into how to fix the interchange is needed from the Department of Transportation to make sense of the traffic patterns and come up with new fixes.

Project Timeline:

The study would take place as soon as possible within DOT

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

DOT

Grant Recipient Contact Information:

Name:	Brenda Hewitt
Title:	Liaison, DOT
Address:	PO Box 112500 MS-2500 Juneau, Alaska 99811
