*Funding Details:**This is the initial request for funding.***Detailed Project Description and Justification:**

The Alaska Museum of Natural History is currently in an official Code and Compliance Survey with the Foraker Group through the Rasmuson Foundation's Capital Pre-Development Grant. Initial findings indicate that our annex building needs to be demolished. We are in the process of clearing the annex building out and expect completion by June, 2011.

Our other clear objective is to re-do our bathrooms to meet current code. While we are still in the planning stages of this grant, our Board has officially agreed to these two steps as our first actions in this grant.

Ballpark figures for the demolition should be about \$60,000 and the bathroom project should run about \$80,000 to \$90,000. There is extensive underground work to be done.

Project Timeline:

Completion of the demolition is scheduled for June 2011.
