Email:	beth@anchorageparkfoundation.org

Has this project been through a public review process at the local level and is it a community priority? Yes No

PROJECT OVERVIEW

1) TRAIL REPAIR

Goal: To repair sections of asphalt damaged by root systems located on the connecting trail in between Nichols & Tikishla Park.

Method: Paved trail to be repaired through saw cuts, root removal and cold patches in all areas with significant damage. YEP (Youth Employment in Parks) crew members will implement project guided by MOA Planning Staff and contracted Professional Trail Builder.

2) INVASIVE PLANT REMOVAL

Goal: Selected removal of the invasive Bird Cherry associated with the trail. Please see the following link for additional information on Bird Cherry <http://www.muni.org/Departments/parks/Documents/Final%20Bird%20Cherry%20Report.pdf>

Method: Physical removal of all young samplings through root wrenching. YEP (Youth Employment in Parks) crew members will implement project guided by MOA Forester and contracted Professional Trail Builder.

Recommended Future Work: Removal of large Cottonwood Trees in close proximity to the trail per recommendations by Municipal Forester. Re-paving of the entire trail with a new soft surface trail flanking the existing trail.
