**Additional Information / Prior Funding History:**

See Army Guard Facilities Projects.

**Project Description/Justification:**

Funding is requested for the design of a fire sprinkler system at Camp Denali on Joint Base Elmendorf Richardson (JBER). The Department of Military and Veterans Affairs, as a tenant of JBER, has been notified by the military Fire Marshal's office that, as a result of their inspection, DMVA facilities no longer comply with the fire codes and standards for facilities located on Department of Defense installations. This will address the identified code compliance deficiencies. Priorities and cost estimates may need to be changed to accommodate emergency projects not listed, actual project costs, and other considerations.
