

**Arctic Village K-12 School Soil Remediation****FY2012 Request: \$5,517,065****Reference No: 51769****AP/AL:** Allocation**Category:** Education**Location:** Arctic Village**Impact House District:** Interior Villages (HD 6)**Estimated Project Dates:** 07/01/2011 - 06/30/2016**Appropriation:** Major Maintenance Grant Fund**Project Type:** Renewal and Replacement**Recipient:** Yukon Flats School District**House District:** Interior Villages (HD 6)**Contact:** Elizabeth Nudelman**Contact Phone:** (907)465-8679**Brief Summary and Statement of Need:**

Arctic Village K-12 School Soil Remediation is #7 on the December 17, 2010 CIP Major Maintenance list. The 13,868 square foot facility was built in 2009, and additional soil contamination was identified beyond the scope anticipated. This project involves the excavation and remediation of approximately 5,150 cubic yards of fuel oil contaminated soil. The site will then be capped with two feet of clean fill. This material will be excavated from a pit about one mile away and trucked to the school. The project also includes a long-range monitoring program to watch for oil migration into the community water supply, test well monitoring, and soil surface cap grading.
