**Contact Phone:** (907)465-8679**Brief Summary and Statement of Need:**

Alakanuk Emergency Electrical Service Repairs is #4 on the December 17, 2010 CIP Major Maintenance list. This request will provide reimbursement to the school district for costs associated with replacing the entire electrical service at the 14,032 square foot facility, which was built in 1974. A faulty ground located under the existing Alakanuk school was identified. Although the school is being replaced, the district repaired the faulty ground and non-code compliant electrical service connection so that students would not be exposed to electricity under the school building.
