Brief Summary and Statement of Need:

Sand Point K-12 School Gym Floor and Bleacher Replacement is #12 on the December 17, 2010 CIP Major Maintenance list. The 47,000 square foot facility was built in 1983, with an addition built in 1984. This request will provide reimbursement to the school district for the cost of replacing the gym floor and bleachers. The existing resilient gym floor that was over 25 years old, was uneven and created a tripping hazard. It was replaced with an engineered hardwood maple sports flooring system. Replacing the deteriorated bleachers at the same time as the flooring system was also a practical solution to the needed gym upgrades.
