House District: Juneau/Mendenhall Valley (HD 4)

Impact House District: Unidentified House District

Contact: Pat Kemp, Deputy Commissioner

Estimated Project Dates: 07/01/2011 - 06/30/2018

Contact Phone: (907)465-3900

Appropriation: Surface Transportation Program

Brief Summary and Statement of Need:

This is a new capital request because of a STIP amendment that occurred after the December 15 release of the Governor's FY2012 budget. This project aims to widen, straighten and resurface Glacier Highway from the north Eagle Beach kayak launch site to Bessie Creek to improve safety and provide shoulders. Project includes spot sub-base improvements and drainage improvements as needed. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.

Additional Information / Prior Funding History:

None.

Project Description/Justification:

The existing road has limited or no shoulders, dips and tight curves exist. The widening, eliminating dips and straightening of the road will improve safety and provide for safer access to the Kensington Mine and popular beach and hiking areas. This project will enhance beach access points along the route.
