This is an on-going program.

**Project Description/Justification:**

All states desiring federal funding for surface transportation projects must carry out a "continuing, comprehensive, and cooperative" transportation planning process. A portion of the federal transportation funding apportioned to the state is allocated to carry out the required planning tasks. This includes long range state transportation planning; development of the State Transportation Improvement Program (STIP); consultation and coordination with other state agencies, local governments, and federal agencies; public involvement; data collection and analysis; periodic federal reporting; and management systems as required in the surface transportation authorization act: Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU).

The STIP and current Long-Range and Area plans can be accessed at: <http://www.dot.state.ak.us/>
