

Statewide - Aviation Preconstruction

FY2012 Request: \$18,000,000

Reference No: 36247

AP/AL: Allocation

Project Type: Construction

Category: Transportation

Location: Statewide

House District: Statewide (HD 1-40)

Impact House District: Statewide (HD 1-40)

Contact: Marc Luiken

Estimated Project Dates: 07/01/2011 - 06/30/2018

Contact Phone: (907)269-0730

Appropriation: Airport Improvement Program

Brief Summary and Statement of Need:

This project consists of preconstruction activities for projects to improve State owned and operated airports. The State owns or operates approximately 253 Rural System airports. These activities include preliminary engineering, environmental analysis, design, right-of-way acquisition and utility work. This project contributes to the Department's Mission by reducing injuries, fatalities and property damage, by improving the mobility of people and goods and by increasing private investment.

Project Description/Justification:

Many of the State owned and operated airports are substandard and need improvement. The state seeks federal Airport Improvement Program (AIP) funding for these improvements. For example, in the years FFY 2003 and 2010 the department respectively received approximately \$123 to \$176 million in AIP funding annually for rural system airport improvements. All projects, with the exception of planning and most equipment projects, generate significant preconstruction costs, 95% of which are reimbursed when the project's Federal Aviation Administration construction grant is executed.
