Project Description **Principal's Priority** 1

College Gate Elementary is requesting grant funding for an additional 5 interactive display devices. These devices may include SMART boards, Promethean boards, interactive projectors, or other interactive display technology as allowed for on the ASD approved technology list. 5% of the total award will be dedicated to training and professional development associated with effectively integrating this equipment into the classroom environment.

Benefits if Project is Funded

Daily use of interactive display technology and mobile computer lab will result in increased writing practice for all students, which in turn, improves overall writing skills in all grade levels.

Impacts if Project is not Funded

If not completed, students will not have daily experiences using the interactive whiteboard and no daily computer usage. Bottom line, less exposure to interactive technology.
