Cordova - Window Replacement

State Funding Requested: \$13,000**House District: 5 / C**

One-Time Need

Brief Project Description:

Replace several "failed" windows in our school district.

Funding Plan:

Total Project Cost: \$15,500

Funding Already Secured: (\$2,500)

FY2013 State Funding Request: (\$13,000)

Project Deficit: \$0

*Funding Details:**Many of our school's windows were replaced in 1979 during a major remodel. Some were not...for some reason. We have several that need replacement, as without, moisture will saturate the interior walls and generate mold and premature decomposing of the structure***Detailed Project Description and Justification:**

The windows in question are in excess of 35 years old, failed seals, and are putting the interior structure at risk due to excessive moisture that Cordova experiences. By replacing the windows, we will maintain a healthy, mold free teaching/learning environment.

Project Timeline:

The window replacement will be scheduled during the summer of 2012.
