Nenana - School Electrical Upgrades

State Funding Requested: \$150,000**House District: 6 / C**

One-Time Need

Brief Project Description:

Nenana City Public School proposes an electrical restoration of our school facility. Installing multiple electrical outlets, junction boxes, rewiring, wire molding, breaker box upgrades. Become code compliant with multiple entities.

Funding Plan:

Total Project Cost:	\$150,000
Funding Already Secured:	(\$0)
FY2013 State Funding Request:	<u>(\$150,000)</u>
Project Deficit:	\$0

Funding Details:

None

Detailed Project Description and Justification:

The Nenana City School District is requesting funds to address the condition of our electrical system. The NCPS was originally built in 1955 with additions in 1966, 1972, and 1986. The facility at that time was not built to withstand all the needs that we have today for computers, and other electronically operated devices. Most of our classrooms have a limited amount of outlets to use for their daily needs; therefore in order to achieve a classroom that is functional for this time period, we have had to use numerous amounts of extension cords and power strips which cause multiple hazards. It is a dangerous hazard for the facility as well as out of compliance with the insurance company, fire Marshall and OSHA. There are numerous tripping and fire hazards throughout the facility. It is our desire to make our facility safe for our students, staff and to the general population. The NCPS proposes to necessitate, reforming multiple electrical outlets throughout the school facility as well as reform junction boxes, wiring molding, receptacles, rewiring, and breaker panel upgrades. This is to ensure the safety of the people that occupy our facility and the protection of our building. Please see the attachment for photos of some of the electrical issues we have at our facility.

Project Timeline:

Immediately after notification of the project award th Nenana City School District and the City of Nenana will develop an RFP to solicit bids for this project

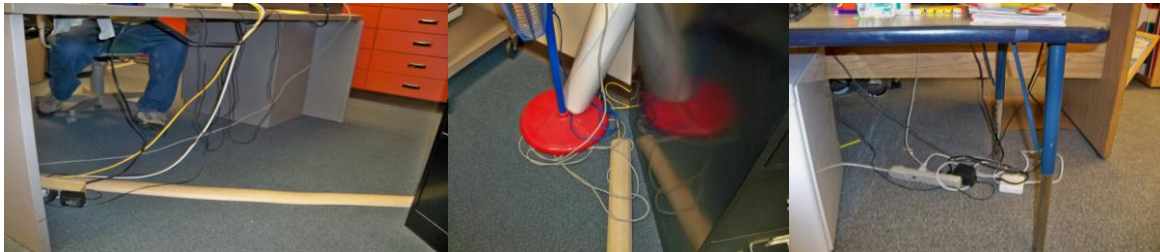

Entity Responsible for the Ongoing Operation and Maintenance of this Project:

Nenana City School District

Grant Recipient Contact Information:

Name:	Eric Gebhart
Title:	Superintendent
Address:	406 2nd St. Nenana, Alaska 99760
Phone Number:	(907)832-5464
Email:	supt@nenanasd.org

Has this project been through a public review process at the local level and is it a community priority? Yes No

The above photos are some prime examples for the urgency to reform the electrical issues at our facility. It is our goal to make our facility safe and compliant.
