Detailed Project Description and Justification:

This project will resurface this major arterial and bring the pedestrian facilities into ADA compliance. This project is a priority for the Street Maintenance Department and Anchorage Police Department. The surface of the roadway is experiencing rutting, cracking, and pot holing to the point that safety may be impacted. Street maintenance expense has increased as a result of the road condition, which is deteriorating beyond the scope of normal maintenance. The 2008 GASB survey rated this segment as Conditions C and D.

The grant funding may be used for utility work, obtaining rights of way and easements, and any work associated with rehabilitating the roadway and its amenities.

Project Timeline:

Design expenditures are anticipated in 2013 and 2014. Construction expenses are expected in 2014 and 2015.
