Project Description

Principal's Priority 2

Abbott Loop is requesting funding to replace student furniture. The existing desks are bent or scratched and have been in use for several decades.

Benefits if Project is Funded

Our students go to school daily in a building that is 52 years old. Student and staff have to deal with low, leaky ceilings and a worn infrastructure. Having new student desks will allow student and teachers to take more pride in their classroom environments. If we do not replace desks now, we will have to borrow desks from other school or the warehouse.
