Project Description

Principal's Priority 1

Alpenglow Elementary School is requesting grant funding for an additional 30 interactive display devices. These devices may include SMART boards, Promethean boards, interactive projectors, or other interactive display technology as allowed for on the ASD approved technology list. 5% of the total award will be dedicated to training and professional development associated with effectively integrating this equipment into the classroom environment.

Benefits if Project is Funded

The project will have the advantage of increasing student engagement by providing improved direct instruction. In addition, it will allow students to interface positively and appropriately with technology that encourages and differentiates among their particular learning styles and needs. The interactive white boards opens the door to better lesson development, improved visual tools, on line lesson review, and a greater variety in the construction of examples and tools.
