Location **South High School**

Project Title: **Enhance Existing Security Camera System**

Amount of Funding Requested \$215,000.00

Total Funding to complete project \$215,000.00

Primary House District: 31 **Secondary House District(s):** 28, 29, 32

Primary Senate District: P **Secondary Senate District(s):** N.O

Project Description

Principal's Priority 2

Augment existing analog CCTV system with a Network Internet Protocol (IP) digital video security system. Installation will include video management software (VMS), megapixel cameras, client workstations, viewing monitors, video storage servers, Power Over Ethernet (POE) switches, encoders, cables, wiring, raceway, labor, testing, and setup to give the District an upgraded turnkey Network IP digital video security system. Network Video Encoders will be used to incorporate our existing analog CCTV cameras into the new digital IP video security system.

Scope of work includes replacing 15 of the 29 analog cameras with IP cameras and adding additional 22 IP cameras for a total of 51 cameras. Due to the total camera count an additional server will be needed to support the camera system. Scope includes coverage for turf field area.

Benefits if Project is Funded

This project will help to reduce operational costs due to repairs associated with District-wide vandalism.

Impacts if Project is not Funded

of Students impacted by project 1600

Project Start Year 2012

Project Finish Year 2013
